In this science worksheet, your child will learn that some objects change shapes when they're bent, squashed, or stretched and then return to their former shapes. For each object, your child will check the box if it can be squashed, mark the box with an x if the object can stretch, or color the object if it can bend. 1 2

SCIENCE is a way of learning about what is in the natural world, how the natural world works, and how the natural world became to be the way it is. Science relies on testing ideas with evidence gathered from the natural world. Science can lead to technological advances, as well as helping us learn about enormously important and useful topics, such as our health, the environment, and natural ...
