Unformatted text preview: Name Class Date 7.3
Cell Transport Lesson Objectives Describe
passive transport. Describe active transport.
Lesson Summary Passive Transport The movement
of materials across the cell membrane without
using cellular energy is called passive
transport. Diffusion is the process by which
particles move from an area of high
concentration to an area of lower
concentration.

his soldiers who are afraid to go home. Then Jerubbaal (that is, Gideon) and all the people who were with him rose early and encamped beside the well of Harod, so that the camp of the Midianites was on the north side of them by the hill of Moreh in the valley. And the Lord said to Gideon, "The people who are with you are too many for Me to give the Midianites into their hands, lest Israel claim glory for itself against Me, saying, 'My own hand ...
