Small Animal Dental Procedures for Veterinary Technicians and Nurses, 2nd Edition brings together all aspects of canine, feline, and exotic animal dentistry for veterinary technicians and nurses. Offering complete coverage of all aspects of dental treatment for dogs, cats, and exotic pets, the book describes techniques for veterinary technicians providing dental care. The new edition includes brand new information on digital radiology, plus updates to current protocols and improved images throughout the book. The chapters contained within include in-depth coverage of all stages of small animal dental care, including: • Anesthesia • Radiology • Dental cleaning • Common diseases and treatment • Equipment needs and maintenance • Exotic dentistry Small Animal Dental Procedures for Veterinary Technicians and Nurses includes access to a companion website that provides video clips, review questions, training exercises, forms, and editable glossaries. This book is an essential and invaluable resource for any veterinary technology student, veterinary technician or nurse regularly or occasionally engaged in small animal dental care.

Written for Higher Education educators, managers and policy-makers, Plagiarism, the Internet and Student Learning combines theoretical understandings with a practical model of plagiarism and aims to explain why and how plagiarism developed. It offers a new way to conceptualize plagiarism and provides a framework for professionals dealing with plagiarism in higher education. Sutherland-Smith presents a model of plagiarism, called the plagiarism continuum, which usefully informs discussion and direction of plagiarism management in most educational settings. The model was developed from a cross-disciplinary examination of plagiarism with a particular focus on understanding how educators and students perceive and respond to issues of plagiarism. The evolution of plagiarism, from its birth in Law, to a global issue, poses challenges to international educators in diverse cultural settings. The case studies included are the voices of educators and students discussing the complexity of plagiarism in policy and practice, as well as the tensions between institutional and individual responses. A review of international studies plus qualitative empirical research on plagiarism, conducted in Australia between 2004-2006, explain why it has emerged as a major issue. The book examines current teaching approaches in light of issues surrounding plagiarism, particularly Internet plagiarism. The model affords insight into ways in which teaching and learning approaches can be enhanced to cope with the ever-changing face of plagiarism. This book challenges Higher Education educators, managers and policy-makers to examine their own beliefs and practices in managing the phenomenon of plagiarism in academic writing.

Rutherfordord presents clear simplified explanations of the practical applications of writing in vocational/technical fields. The motivational reading passages are designed to stimulate readers' interest in vocabulary and introduce traditional and applied writing assignments. The text provides accessible explanations and exercises in language and style, writing elements, forms of technical communications, grammar units and mechanics units, as well as job search techniques. For individuals needing an introduction to writing for technical/vocational fields.

"Aswath Damodaran is simply the best valuation teacher around. If you are interested in the theory or practice of valuation, you should have Damodaran on Valuation on your bookshelf. You can bet that I do." -- Michael J. Mauboussin, Chief Investment Strategist, Legg Mason Capital Management and author of More Than You Know: Finding Financial Wisdom in Unconventional Places In order to be a successful CEO, corporate strategist, or analyst, understanding the valuation process is a necessity. The second edition of Damodaran on Valuation stands out as the most reliable book for answering many of today's critical valuation questions. Completely revised and updated, this edition is the ideal book on valuation for CEOs and corporate strategists. You'll gain an understanding of the vitality of today's valuation models and develop the acumen needed for the most complex and subtle valuation scenarios you will face.

"A startling new philosophy and practical guide to getting the most out of your money-and out of life-for those who value memorable experiences as much as their earnings!"-

Georgia Odyssey is a lively survey of the state's history, from its beginnings as a European colony to its current standing as an international business mecca, from the self-imposed isolation of its Jim Crow era to its role as host of the centennial Olympic Games and beyond, from its long reign as the linchpin state of the Democratic Solid South to its current dominance by the Republican Party. This new edition incorporates current trends that have placed Georgia among the country's most dynamic and attractive states, fueled the growth of its Hispanic and Asian American populations, and otherwise dramatically altered its demographic, economic, social, and cultural appearance and persona. "The constantly shifting cultural landscape of contemporary Georgia," writes James C. Cobb, "presents a jumbled panorama of anachronism, contradiction, contrast, and peculiarity." A Georgia native, Cobb delights in debunking familiar myths about his state as he brings its past to life and makes it relevant to today. Not all of that past is pleasant to recall, Cobb notes. Moreover, not all of today's Georgians are as unequivocal as the tobacco farmer who informed a visiting journalist in 1938 that "we Georgians are Georgian as hell." That said, a great many Georgians, both natives and new arrivals, care deeply about the state's identity and consider it integral to their own. Georgia Odyssey is the ideal introduction to our past and a unique and often provocative look at the interaction of that past with our present and future.

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. For courses that investigate race, class, and gender issues in Criminal Justice. A deep exploration of justice—its meaning and administration—through consideration of difference Investigating Difference examines the full range of individual differences across the entire criminal justice system. With a focus on positive solutions, the Third Edition moves beyond a prioritization of race to emphasize the multitude of social identity categories that matter in the justice system. Written by esteemed faculty and leading scholars in the field, this edition includes new chapters on intersectionality, specialty courts, and whiteness; newly authored and conceptualized chapters on gender, sexual orientation and gender identity, victimization, African Americans, Asian Americans, immigration, disability, and religion; a look at globalization and its impact on victims, offenders, and practitioners; and updated statistics and policy information throughout.
