Breastfeeding your new baby. In the beginning it can seem like you're baby is constantly feeding, but gradually you and your baby will get into a pattern and the amount of milk you produce will settle. Feed your baby as often as they want. This is called baby-led feeding. Let your baby decide when they have had enough. Find out more about:

New Parent New Parent's mission is to inform, educate, inspire, and empower moms who seek information, experiences and resources to become more confident and effective parents. As the essential guide for new parents, moms, and baby products we provide the information so that you have a healthier, happy child.

~~Advice for new parents, baby products and food recipes ...~~

Remind yourself that you're a first-time parent with little prior experience in most things baby, from changing diapers (especially for a newborn boy who loves to make a splash) to burping (your baby, not you), so you can't be expected to be in the baby-care-know right off the bat. And even if you do mess up a little in the first few weeks, relax — first of all, blunders are a rite of parenting passage, and second of all, chances are your baby will be very forgiving.
