How the attorney-client relationship favors the privileged in criminal court—and denies justice to the poor and to working-class people of color The

File Type PDF Bls Faculty Guide

number of Americans arrested, brought to court, and incarcerated has skyrocketed in recent decades. Criminal defendants come from all races and economic walks of life, but they experience punishment

File Type PDF Bls Faculty Guide

in vastly different ways. Privilege and Punishment examines how racial and class inequalities are embedded in the attorney-client relationship, providing a devastating portrait of inequality and

File Type PDF Bls Faculty Guide

injustice within and beyond the criminal courts. Matthew Clair conducted extensive fieldwork in the Boston court system, attending criminal hearings and interviewing defendants, lawyers, judges, police

File Type PDF Bls Faculty Guide

officers, and probation officers. In this eye-opening book, he uncovers how privilege and inequality play out in criminal court interactions. When disadvantaged defendants try to learn their legal rights

File Type PDF Bls Faculty Guide

and advocate for themselves, lawyers and judges often silence, coerce, and punish them. Privileged defendants, who are more likely to trust their defense attorneys, delegate authority to their lawyers, defer to judges,

File Type PDF Bls Faculty Guide

and are rewarded for their compliance. Clair shows how attempts to exercise legal rights often backfire on the poor and on working-class people of color, and how effective legal representation alone is no

guarantee of justice.
Superbly written and
powerfully argued, Privilege
and Punishment draws needed
attention to the injustices
that are perpetuated by the

in today's criminal courts,

and describes the reforms needed to correct them.
