Provides guidance on how to repair and maintain the engines, carburetors, and ignition systems of small two-cylinder tractors

Andrew McCarthy grows concerned for his family after he catches a young man, Zachary Denton, photographing his daughter, Grace McCarthy, and other children at a park. To his dismay, Zachary talks his way out of trouble when he's confronted by the police. He hopes that's the end of it. Then he finds Zachary at a diner and then at a grocery store. He knows their encounters aren't coincidences. And just as Andrew prepares to defend his family, Grace vanishes. As the police search stalls and the leads dry up, Andrew decides to take matters into his own hands. He starts by searching for sex offenders in the area and researching enhanced interrogation techniques... He convinces himself he'll do anything to rescue his daughter, unaware of the pure evil he'll face in his journey. He's willing to hurt-to torture-anyone to save his family. Jon Athan, the author of Into the Wolves' Den and The Abuse of Ashley Collins, delves into the underworld of internet predators in this disturbing horror novel. Are your children safe? WARNING: This book contains graphic content. Reader discretion is advised.

Author Vizard covers blending the bowls, basic porting procedures, as well as pocket porting, porting the intake runners, and many advanced procedures. Advanced procedures include unshrouding valves and developing the ideal port area and angle.

How psychopharmacology has usurped the role of psychotherapy in our society, to the great detriment of the patients involved. William Glasser describes in Warning: Psychiatry Can Be Hazardous to Your Mental Health the sea change that has taken place in the treatment of mental health in the last few years. Millions of patients are now routinely being given prescriptions for a wide range of drugs including Ritalin, Prozac, Zoloft and related drugs which can be harmful to the brain. A previous generation of patients would have had a course of psychotherapy without brain-damaging chemicals. Glasser explains the wide implications of this radical change in treatment and what can be done to counter it.

Hungry Girl mania is sweeping the nation! The New York Times bestselling phenomenon delivers even more yum-tastic recipes! An easy-to-use cookbook containing 200 Hungry Girl recipes all under 200 calories.
