A practical introduction into the real world of business law, this highly successful business law text continues with the most business applications of any business law text on the market. In addition, this edition emphasizes Critical Thinking Skills and Technology via the Internet. This book teaches readers how to think analytically and then apply this skill when making business decisions.

Among the main topics addressed by this text are contracts, sales, commercial paper, debtor-creditor relations, property, business organizations, and government regulation of business. Each chapter contains a list of major topics, a summary list of key terms, and questions and problems.

The Study Guide supplements the cases and problems in the text. For each chapter, it contains a chapter review, study hints for Call-Image Technology case studies, key terms, self-test questions, and case problems.

BUSINESS LAW: PRINCIPLES AND PRACTICES, 9E has been revised dramatically to enhance learning! The 9th edition offers a new learning system with clear learning objectives to guide students. The fresh two-color design engages students with its contemporary features: Ethics in a Business Setting, You React, and the Self-Check Quizzes. The case examples are presented in readable segments to be clear, current, and jargon-free. Co-authored by Arnold J. Goldman, a practicing attorney and William D. Sigismond, a veteran business law educator, this straightforward text shows students about the law using fascinating cases and ethical dilemmas. Hypothetical examples immediately follow discussion of concepts to further reinforce understanding. The new edition is updated throughout to reflect recent changes in the law, covering legal rights and responsibilities in both the public and private sectors.
