mastery with tools to help them make connections and see the big picture. The Complete Learning System in ACCOUNTING is built around the way students use textbooks to learn, study and complete homework, allowing them to achieve ultimate success in this course. Content updates involve the inclusion of the new revenue recognition standard and a greater emphasis on service companies in the managerial accounting chapters. The end goal of Warren/Reeve/Duchac's ACCOUNTING learning system is to elevate thinking and create more empowered and

a "macro- to micro-" strategy by starting with a discussion of real financial statements first, rather than starting with the Accounting Cycle. The objective is to establish how a financial statement communicates the financing, investing, and operating activities of a business to users of accounting information. This motivates accountants by grounding the discussion in the real world, showing them the relevance of the topics covered to their careers.
