Dating Backwards is a fresh look at some old concepts along with some common sense ideas about dating. It is a path to discover the extraordinary person you are and who will best be your extraordinary partner in life. This book will help you identify the different types of love, introduce you to the concept of the Four Cornerstones of Relationships and show many of the mistakes people continually make as they search for and enter into relationships. The principles in this book are designed to help singles from 18 to 80 and beyond. The journey begins with determining what type of relationship you want and then you will be guided in developing your "Must Haves" list. This list is the discovery of characteristics which results in the best relationship for you. We help you uncover the "Deal Breakers" which guides you away from repeating the same mistakes over and over. You will learn to identify your personal Red Flags that are warnings signs which provide you protection and guidance in choosing a potential mate. You will find guidance to help you to determine and discover what qualities you have to offer to a potential mate and uncover any qualities you possess that may be "Deal Breakers" to others. We all carry baggage in life and into a relationship. What is packed in your bag? Do you bring family issues? Do you bring issues from past relationships? Common questions answered are: How soon should you date after a divorce? What about dating after the death of a spouse? Do you have children and what is the impact of dating on them? How do you prepare your family for you entering back into dating? Then there are the extended families. How do you and your potential mate get along with each other's extended family? What about exes and their extended families. How will all of these potential relationships affect your relationship with your soul mate? These questions are covered and more. Extraordinary communication is extremely important in a relationship. This book will help you with a basic understanding of verbal and non verbal communication. Open communications on topics that can be difficult to discuss are addressed. Topics like: How do you handle money? Physical intimacy, food, music, household chores, hobbies, spare time are just a few of the topics that require excellent communication. Finally, we discuss dating, where to look, and how to present or market yourself to find a potential mate. We also review Respect, One Sided Romance, Physical Intimacy and Loneliness among other situations that can occur while on your journey to seek your soul mate. This book is the culmination of many years of education (both formal and informal), observation, personal experience and prayer. God has blessed Rick and Penny by bringing them together to create this work. There is also some other very good information available and some of it we even recommend as additional resources to our readers. The key is to find what works for you. Hopefully you will gain some practical information that will help turn your unsuccessful dating and decision making habits into an extraordinary relationship. Our society has neglected, ignored and drifted away from the use of this practical information for more than 50 years. It is our grandest hope that this book will help at least some of our readers make better dating (and life) decisions and start Dating Backward.

A Simon & Schuster eBook. Simon & Schuster has a great book for every reader. A guide to the art of handling men draws parallels between the human male and the bird, identifying such common types of male birds--the Pterodactyl, Bald Eagle, or Dodo--and offering advice on how to understand and catch a compatible mate.

Iris Gattegno Tarbuk, a well-known spiritual medium, a soul reader, a person who can see deeper and farther, who is close to the otherworld, shows in this book that the ideal of genuine, true love can be achieved by everybody. For the first time in the book form, Iris shares her unique insights into love: how to achieve, recognize, enjoy and how to keep it. Iris speaks about the spiritual nature of love between a man and a woman. The love which only a medium can see both in the known and the other world, in the eternal journey of searching for and finding soul mates. She speaks of happy and unhappy, long and short destinies and contacts of lovers and their carnal union with energies exchange through sex, which is the most powerful magic existing in the universe. This book is "food for the soul," inspirational and meditative reading, and a manual with concrete advice, too. To the unloved, lonely, left, and to those deprived of their loved partner by death, Iris gives instructions, prayers and meditations how to cleanse their hearts and find their true love, how to remain in the relationship. To the couples who love each other, she gives advice how to cherish and nourish their love, how to keep their relationship happy. Speaking about love, Iris primarily discriminates between true love and love delusions. True love joins soul mates and brings them life happiness, while love delusions result in misery, sadness, distress, disappointed people, destroyed families and unhappy children. When she talks about adultery and forgiveness, about marriage triangles and other temptations in love, she overcomes moralizing, politicizing and debating resulting from different perspectives. This book primarily aims at helping all people to find their true love - regardless of their world view, religious persuasion, sexual orientation, sex, age, appearance, health, nationality... Through pages of this book, she communicates her spiritual insights to her readers and develops her spiritual experience giving concrete instructions how to attract the person with whom such love is possible, how to meet one's soul mate. The central theme of this book is the concept of love. Love is perfect both in its content and form, it does not allow for any calculations and limitations. In this book, Iris answers two key questions about happiness in life: how to find love and how to keep it.

In their bestselling book, The Ten Commandments of Dating, Ben Young and Samuel Adams showed singles how to date effectively. Now "The One" shows Christians who to date and how to negotiate the difficulties of choosing a soul mate. The biggest question on the minds of the 78 million singles in America is simply this: "How can I find the right one?" This book answers that question, giving entertaining yet practical advice for that seemingly endless quest to find "The One." This book emphasizes free will, personal responsibility, proactivity, and preparation, helping singles avoid the pitfalls of dangerous beliefs and hyper-spirituality. Single Christians will learn what approaches to avoid in mate selection, recognize the myths about finding true love, and learn practical strategies for finding the right person to marry.

Marriage by the Book defines marriage as God defines it. A proper understanding of God's pattern for marriage is paramount to a successful marriage. Marriage is not defined as a contract or a commitment in the Bible, but it is a covenant. This covenant is an agreement to spend life together. It is sealed by God's approval. Roles are played by the husband and the wife in God's plan for marriage. The book explains these roles. Success is the result of playing these roles in marriage. The book covers three danger zones in marriage. If the marriage is to succeed, these danger zones must be managed correctly. These danger zones are communication, money, and sex. The Bible says, [God hates divorce.] However, he loves the divorcees. The book addresses divorce and remarriage according to what God says about it in the scripture. Finally, Marriage by the Book addresses how to find a mate. It lists seven deal breakers and seven game changers that will help young single Christian people as they search for a mate.
