ISO - ISO/IEC 17025 – Testing and calibration laboratories

ISO/IEC 17025 was prepared by the ISO Committee on conformity assessment (CASCO). It was circulated for voting to the national bodies of both ISO and IEC, and was approved by both organizations. This second edition cancels and replaces the first edition (ISO/IEC 17025:1999), which has been technically revised.

The ISO / IEC 17025 specification is organized into two sections. The first describes all the standards related to the quality management system. The second details all the “professional expertise” criteria. Several organizations neglect the latter portion of the norm when setting up a new laboratory project.
