ITIL Practitioner Guidance is the essential reference text which accompanies the ITIL Practitioner qualification. Fully integrated with the ITIL Practitioner syllabus, this publication is also a practical guide that helps IT service management (ITSM) professionals turn ITIL theory into practice through case studies, worksheets, templates and scenarios. The book assumes knowledge of ITIL and ITSM up to ITIL Foundation level, and begins with a discussion of the guiding principles of ITSM. It goes on to explain how these guiding principles are essential for ITSM and how they relate to philosophies, frameworks and methodologies such as DevOps, Lean, Agile etc. The publication shows how following the CSI (continual service improvement) approach, and how the core skills of organizational change management, communication, metrics and measurement, can underpin successful ITSM improvement initiatives.

The IT Service Management Foundation Exam Guide is a practically oriented guide to passing the ITIL v3 Foundation exam. It is designed to work as a supplement to an instructor-led training class or as a tool for self-study.

ITIL(R) Service Management provides a framework and best practice guidelines for executing, providing, managing and supporting IT services. Service Providers and Service Organizations must deliver value to gain customer satisfaction by understanding Customer needs with an appropriate service strategy. ITIL Service Management is a widely accepted framework to align IT operations with business needs. This book discusses in a lucid and simple way all five core publications each covering different aspects of Information Technology Service Management (ITSM) and ITIL concepts. Book is divided into 12 chapters with an introduction to Service Management. All Five core publications are covered with key definitions, processes and illustrations. This book also includes a business case, two sample test papers for ITIL v3 Foundation exam, templates and summary of key concepts. I am sure this book will be a good read for both ITIL Practitioners, and young professionals who would like to make Service Management as their career.
