Complete guide to the 64 warning lights on your dashboard...

The Iveco Daily is the Mike Tyson of the van world, noticeably stronger and tougher than the opposition. Sitting on a ladder frame chassis, the Daily is a big truck scaled down rather than a smaller van scaled up. Florists, bakers and the like might as well look elsewhere as this van is best at home thundering up and down the highways of Britain laden down to the gills with cargo. Gross ...

For courses in Research Writing, Documentation Writing, and Advanced Composition. Featuring an engaging, direct writing style and inquiry-based approach, The Curious Researcher: A Guide to Writing Research Papers emphasizes that curiosity is the best reason for investigating ideas and information. An appealing alternative to traditional research texts, this popular research guide stands apart for its motivational tone, its conversational style, and its conviction that research writing can be full of rewarding discoveries. Offering a wide variety of examples from student and professional writers, this popular guide shows that good research and lively writing do not have to be mutually exclusive. Students are encouraged to find ways to bring their writing to life, even though they are writing with "facts." A unique chronological organization sets up achievable writing goals while it provides week-by-week guidance through the research process. Full explanations of the technical aspects of writing and documenting source-based papers help students develop sound research and analysis skills. The text also includes up-to-date coverage of MLA and APA styles.

Brief yet also comprehensive, Think with Socrates: An Introduction to Critical Thinking uses the methods, ideas, and life of Socrates as a model for critical thinking. It offers a more philosophical, historical, and accessible introduction than longer textbooks while still addressing all of the key topics in logic and argumentation. Applying critical thinking to the Internet, mass media, advertising, personal experience, expert authority, the evaluation of sources, writing argumentative essays, and forming a worldview, Think with Socrates resonates with today's students and teaches them how to apply their skills to the real world. At the same time, it also covers the ancient intellectual roots and history of the field, placing critical thinking in its larger context to help students appreciate its perennial value. Author Paul Herrick incorporates original sources from newspapers, a variety of media, and philosophical writing, along with engaging "interludes" featuring selections from Plato's dialogues. A Companion Website at www.oup.com/us/herrick offers resources for students and instructors.

This study guide accompanies John Bevere's book, The Bait of Satan, and is designed for individuals or small groups who desire to identify the tactics of Satan and break free from his influences. Numerous interactive tools facilitate study.

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Hands-On Database uses a scenario-based approach that shows readers how to build a database by providing them with the context of a running case throughout each step of the process.

The 7th funny book in the girly series with a dark twist. For younger readers who also enjoy modern vampire stories.

From the New York Times, USA Today & Wall Street Journal Bestselling Author of the Forever Trilogy, Sandi Lynn No more men. No more rich men. That was what I vowed when I left New York and moved to Seattle until I met Simon Young, CEO of Young International, one of the largest luxury hotel chains in the world. He desired me and I let him. I was fully aware of his love for women and his hatred for relationships but I decided to play his game. I had a void that needed to be fulfilled and Simon Young was the man who could do it. Entering into a physical relationship only was the plan. No strings and no emotions allowed. But plans are made to be changed and rules are meant to be broken. We grew closer and I was falling in love, but Simon had a secret. A secret that would destroy everything. He was about to lose me and I was willing to walk away. This book is intended for 18+
