An intriguing novel about the choices we make, about finding out who we really are and about living life to the fullest. Tam Cochrane is a sickly lad, confined to his bed in Glasgow in the 1880s. His only experience of adventure and the outside world is through books - that is until his father decides to sell up and head for New Zealand. As they take the four-month journey by ship, Tam's health begins to improve, and with it signs of a

new Tam, fully engaging in the real world. After arriving in their new country, the family heads to Rotorua and Tarawera, only to be caught in the volcanic eruption of 1886. Having been concussed, Tam wakes up, groggy but still the fit young man he'd been growing into, except he finds he is in Napier, emerging from the ruins of the 1931 earthquake. What has happened to the last 45 years? Why is he still a young man? And who is the other Tam Cochrane, now living like a recluse back in Glasgow? An intriguing story, it is set among the cataclysmic events of the late nineteenth and early twentieth centuries.

The story is set in and around the fictional village of Althwaite in the West Riding of Yorkshire before and during the early part of the Second World War. It follows the adventures of Jem and his pal, Harold. They befriend the local tramp, tackle mysteries and spy on the rival Home Guard platoon. As the war impacts on the village, Jem is drawn into the lives of others: Benjy, the tramp, who tries to become a useful citizen; the squire who comes out of his shell to combat the threat of Hitler; evacuees from Hull; a female artist who is rescued from the clutches of suspicious local women; the veteran who lost a leg in the Boer War; and the 'wise woman' who mourns the son she lost to adoption years ago. Then there is Alice, two years older than Jem, whom he admires: will the rift between them be healed. And will his Dad return safe and sound from the campaign in North Africa?

Repeatedly jamming his fork of curiosity into the live

toaster of opportunity, comedian Richard O. Smith captures the experience of living in Oxford in probably the funniest book written about the Dreaming Spires. Collected here are 70 of his best Oxford Examined columns from the award-winning Oxford Times magazine Oxfordshire Limited Edition including several previously unpublished stories. In these unflinchingly truthful columns he meets celebrities (Kate Middleton, Dara O'Briain, the one who plays Phoebe in Friends and a predictably grumpy Alan Sugar), visits the 11th dimension with an Oxford University maths prot é g é e, gatecrashes Encaenia, flirts with a Roman slave girl from 79AD, is ejected from the Oxford Union by burly security, witnesses a comeuppance for a pack of arrogant students, conducts a walking tour for Britain's scariest hen party, moves a library (which transpires to be harder work than moving a mountain), sees Britain's most pretentious theatre production, participates in the UK's national bell ringing championships (yes, that is a thing), allows Oxford University psychologists to experiment on him, rescues four escaped horses in a busy Oxford street (thankfully it wasn't the apocalypse), becomes a crime-fighting superhero, is hospitalised in a serious bike accident, gets chased by a furious revenge-fixated woman dressed as a Friesian cow, strides out of his house one morning and disappears down a giant sink hole, mentors two stand-up comedy virgins, commits a devastating social faux pas and pledges to never use a split infinitive or sentence this long again. 'Right from the introductory preamble, this is pure comedy genius. I dare anybody to read it and not start sniggering out loud. Warning: this may attract odd looks if you are on a bus or anywhere else in public.' --Oxford Times 'Bring

together an outstanding comic writer and a city of unlikely people and you'll find the perfect love-match. The wittiest, zaniest, and most truthful guide to a city you'll read: armchair travel has never been so good. Or so funny.' --Susie Dent 'The funniest book ever about Oxford. Pure comedy genius. I read Oxford Examined and laughed so much.' --Gill Oliver, Oxford Mail

“ Everything a really great music memoir should be. ”
—Colin Meloy The Pogues injected the fury of punk into Irish folk music and gave the world the troubled, iconic, darkly romantic songwriter Shane MacGowan. Here Comes Everybody is a memoir written by founding member and accordion player James Fearnley, drawn from his personal experiences and the series of journals and correspondence he kept throughout the band ' s career. Fearnley describes the coalescence of a disparate collection of vagabonds living in the squats of London ' s Kings Cross, with, at its center, the charismatic MacGowan and his idea of turning Irish traditional music on its head. With beauty, lyricism, and great candor, Fearnley tells the story of how the band watched helplessly as their singer descended into a dark and isolated world of drugs and drink, and sets forth the increasingly desperate measures they were forced to take. James Fearnley was born in 1954 in Worsley, Manchester. He played guitar in various bands, including The Nips with Shane MacGowan, before becoming the accordion player in The Pogues. Fearnley continues to tour with the band and lives in Los Angeles.

Much has been written and reported on the broad canvas of the history of County Wexford over the centuries, but Famous Wexfordians seeks to revitalise interest in some of the principal players that have almost faded into obscurity. This book tells the story of maritime adventurers, sports personalities, artists, musicians, soldiers, political leaders and princes of the Church, who have all left an indelible mark on the south-east corner of Ireland. Author Liam Gaul offers a thorough and absorbing account of Wexford's lesser-known history through these who have lived in and visited the county.

In *Feed My Dear Dogs*, Emma Richler returns to the life of the Weiss family, first introduced to readers in her debut – and much-celebrated – book, *Sister Crazy*, through a series of interconnected stories narrated by Jemima (Jem) Weiss. The Weisses are a tight unit of seven: father Yaakov, a gruff sportswriter whose love for his children is manifest in his stern instructions and impromptu boxing lessons; mother Frances, a wise and gentle beauty adored by her family, almost to the point of obsession by her husband; Ben, the most heroic of the siblings, by virtue of birth-order and also for knowing the answer to all questions; Jude, Jem's almost-twin, who is only fifteen months older than she and the most serious of the children, careful to point out the anti-Semitic leanings of Jem's literary heroes; Jem, the narrator, who would prefer to never leave the comforting confines of her family; delicate yet hilarious Harriet, Jem's only sister, who can sound like a little old lady or a sultry vixen, depending on what movie

she ' s quoting; and Gus, the frail little boy who completes the circle at the beginning of the book with his birth and arrival home from the hospital. Feed My Dear Dogs beings with the family in London, where eight-year-old Jem and her sister attend a convent school to the consternation of most of the nuns, since not only are the Weiss children not Catholic, but, most perplexingly, they are half-Jewish. Not surprisingly, Jem prefers home to school. At home she is surrounded by the books she loves, (particularly Tintin and Le Morte d ' Arthur) and the comforts only a big, happy family can provide. Soon, however, the family departs for Canada – “ Dad ' s country, ” as the children see it – where together they begin a new life, shuttling between a Montreal townhouse and a country home, and adapting to their new land – even creating the “ Weiss on Ice ” hockey team. No matter where the family is, each member is fiercely loyal to home. From the use of short notes: “ Out. Back soon. – Jude ” to a simple “ I ' ll be up in my room! ” yelled down the stairs, to Yaakov ' s frantic bellowing of “ Frances! ” through the house, the family keeps close tabs on its members, which also allows Jem to subconsciously control it: “. . . my universe still the Universe, a place I wander with a slight swagger. ” But the comfort and security of family can ' t last forever, Jem learns in high school, as Jude plans an extensive travel itinerary for himself and Ben contemplates moving out on his own. Meanwhile, Jem ' s burgeoning feminism pits her against her father and brothers while she battles with a burden of guilt over the near-drowning death of her youngest brother. Spiraling into a breakdown by the story ' s tragically beautiful end, Jem discovers that families simply can not remain fixed, like the stars in the galaxies,

unchanged forever. Intermingled through the story of the Weiss family are Jem ' s (and her siblings ') encyclopedic knowledge of history, literature, film, religion and language. Richler also interweaves the almost mythic life story of Frances, the family ' s matriarch, into the book, and provides glimpses into Jem ' s troubled mind through a series of present-day conversations with her therapist, all of which serve to create a fully drawn portrait of Jem, her mother and the bond between them and the family as a whole.
