Jose Pepe Mujica: Warrior Philosopher President by Stephen ...

Stephen Gregory acknowledges that he wrote his book José "Pepe" Mujica: Warrior, Philosopher, President in about nine months, "from conception to completion" (p. xi). That is an impressive achievement. Unfortunately, the book carries all the hallmarks of a dimly conceived and rushed-together project.

José "Pepe" Mujica: Warrior, Philosopher, President ...

José Alberto "Pepe" Mujica Cordano (Spanish pronunciation: [xo?se mu?xika]; born 20 May 1935) is a Uruguayan farmer and retired politician who served as the 40th President of Uruguay from 2010 to 2015. A former guerrilla with the Tupamaros, he was imprisoned for 12 years during the military dictatorship in the 1970s and 1980s. A member of the Broad Front coalition of left-wing parties ...

Toward the end of his administration (2010-2015), then Uruguayan President José 'Pepe' Mujica made headlines across the world with a couple of unusual speeches at United Nations assemblies in Rio de Janeiro and New York that were heatedly anti-capitalist, anti-consumerist, anti-globalization and anti-climate change - all fuelled by a libertarian socialist concept of freedom. This book is an introduction to the politics and philosophy of an unrepentant permanent militant whose evolution took him from defeated guerrilla warrior to successful presidential candidate without inconsistencies or betrayals, whatever his adversaries from right and left may claim.

In the United States, the president comes to power essentially because three out of every ten citizens vote for him. Of the remaining seven, four do not vote and three vote against him. In the midterm elections, these figures are even more drastic: the entire House of Representatives and a third of the Senate answer to the "popular will" of just two out of every ten citizens. It is with this backdrop that we sought out José "Pepe" Mujica, President of Uruguay from 2010 to 2015 and labeled as "the poorest president in the world" during his presidency. Through the lens of his experience as an activist, revolutionary, political prisoner, legislator, and president, Mujica helps us view politics in a different way. He invites us to reflect on the power an individual can wield by voting. On the power an individual forfeits by not participating in elections. On the importance of at least being able to say you tried.

A young bride shuts herself up in a bedroom on her wedding day, refusing to get married. In this moving and humorous look at contemporary Israel and the chaotic ups and downs of love everywhere, her family gathers outside the locked door, not knowing what to do. The bride's mother has lost a younger daughter in unclear circumstances. Her grandmother is hard of hearing, yet seems to understand her better than anyone. A male cousin who likes to wear women's clothes and jewelry clings to his grandmother like a little boy. The family tries an array of unusual tactics to ensure the wedding goes ahead, including calling in a psychologist specializing in brides who change their mind and a ladder truck from the Palestinian Authority electrical company. The only communication they receive from behind the door are scribbled notes, one of them a cryptic poem about a prodigal daughter returning home. The harder they try to reach the defiant woman, the more the despairing groom is convinced that her refusal should be respected. But what, exactly, ought to be respected? Is this merely a case of cold feet? A feminist statement? Or a mourning ritual for a lost sister? This provocative and highly entertaining novel lingers long after its final page.

A searing, beautiful novel meditating on war, violence, memory, and the sufferings of the Palestinian people *Minor Detail* begins during the summer of 1949, one year after the war that the Palestinians mourn as the Nakba—the catastrophe that led to the displacement and exile of some 700,000 people—and the Israelis celebrate as the War of Independence. Israeli soldiers murder an encampment of Bedouin in the Negev desert, and among their victims they capture a Palestinian teenager and they rape her, kill her, and bury her in the sand. Many years later, in the near-present day, a young woman in Ramallah tries to uncover some of the details surrounding this particular rape and murder, and becomes fascinated to the point of obsession, not only because of the nature of the crime, but because it was committed exactly twenty-five years to the day before she was born. Adania Shibli masterfully overlays these two translucent narratives of exactly the same length to evoke a present forever haunted by the past.

Tracing a circular course that echoes Bach's Goldberg Variations, Luis Sagasti's second book to appear in English takes the guise of a musical *scheherazade*, recounting story after story, vibrating to celestial harmonies. From the music born of the sun to the music sent into space on the Voyager mission, from Rothko to rock music, from the composers of the concentration camps to a weeping room for Argentinian conscripts in the Falklands, *A Musical Offering* traverses the shifting sands of fiction and history.

In this poignant novel, a man guilty of a minor offense finds purpose unexpectedly by way of his punishment—reading to others. After an accident—or “the misfortune,” as his cancer-ridden father's caretaker, Celeste, calls it—Eduardo is sentenced to a year of community service reading to the elderly and disabled. Stripped of his driver's license and feeling impotent as he nears thirty-five, he leads a dull, lonely life, chatting occasionally with the waitresses of a local restaurant or walking the streets of Cuernavaca. Once a quiet town known for its lush gardens and swimming pools, the “City of Eternal Spring” is now plagued by robberies, kidnappings, and the other myriad forms of violence bred by drug trafficking. At first, Eduardo seems unable to connect. He movingly reads the words of Dostoyevsky, Henry James, Daphne du Maurier, and more, but doesn't truly understand them. His eccentric listeners—including two brothers, one mute, who moves his lips while the other acts as ventriloquist; deaf parents raising children they don't know are hearing; and a beautiful, wheelchair-bound mezzo soprano—sense his detachment. Then Eduardo comes across a poem his father had copied by the Mexican poet Isabel Fraire, and it affects him as no literature has before. Through these fascinating characters, like the practical, quick-witted Celeste, who intuitively grasps poetry even though she never learned to read, Fabio Morábito shows how art can help us rediscover meaning in a corrupt, unequal society.

In 2013, José Mujica is the president of Uruguay. A man who's lifestyle differs radically from other heads of state. President Mujica has rejected the use of the presidential palace and chosen to stay living in his house, a small farm on the outskirts of Montevideo. His home is located in a remote area with roads of dirt and under the custody of only two policemen. Mujica says to be coherent with his way of thinking,

he declares that he takes from the world only what he needs. For this reason, he lives away from any opulence, drives his own car, does not employ any house cleaning or assistance, works mainly from his home and donates 90% of his salary to different charities. José Mujica seems to be a character born from a fantasy novel, but the president is very real. This volume compiles a selection of his most memorable quotes from where there is much to learn.

Folding and refolding origami frogs, extracting the symmetrical veins from leaves, retreating to an imaginary world in his closet: after Teresa walked out the door one July afternoon in 1994, her son filled the void she left with a series of unusual rituals. Twenty-three years later, he lies in bed, reconstructing the events surrounding his mother's disappearance. Did she actually join the Zapatistas in the jungles of Chiapas, as he was led to believe? He dissects his memories of that fateful summer until a startling discovery shatters his conception of his family's story. Daniel Saldaña París (*Among Strange Victims*) returns with an emotionally rich anti-coming-of-age novel that wrestles with the inherited privileges and crimes of masculinity.

Oksana Zabuzhko, author of "the most influential Ukrainian book in the fifteen years since independence," *Fieldwork in Ukrainian Sex*, returns with a gripping short story collection. Oksana Zabuzhko, Ukraine's leading public intellectual, is called upon to make sense of the unthinkable reality of our times. In this breathtaking short story collection, she turns the concept of truth over in her hands like a beautifully crafted pair of gloves. From the triumph of the Orange Revolution, which marked the start of the twenty-first century, to domestic victories in matchmaking, sibling rivalry, and even tennis, Zabuzhko manages to shock the reader by juxtaposing things as they are--inarguable, visible to the naked eye--with how things could be, weaving myth and fairy tale into pivotal moments just as we weave a satisfying narrative arc into our own personal mythologies. At once intimate and worldly, these stories resonate with Zabuzhko's irreverent and prescient voice, echoing long after reading.

Latin American Politics, Second Edition is a thematic introduction to the political systems of all 20 Latin American countries. The approach is self-consciously comparative and encourages students to develop stronger comparative analysis skills through such topics as history, violence, democracy, and political economy. Fully updated and revised, this second edition also includes a new chapter on parties, elections, and movements. Each chapter is now framed by a prologue and an epilogue to engage students and provide more country-specific content.
