The Bible is the greatest problem-solving book ever written. It explains what's wrong with the world and how to fix it. It clarifies what is wrong with humanity and how to fix it. The Bible demonstrates clearly what works and what doesn't work when we are trying to fix our messed up lives. When God spelled out the "dos and don'ts" for successful living, he said, "Trust me on this." When Jesus explained the plan of salvation through his death and resurrection, he said, "Trust me on this." When Paul wrote to his churches, he was always careful to explain that righteousness and salvation are through Jesus Christ alone. He clearly proclaimed, "Trust Jesus Christ on this." Problem-solving is really fairly

simple. We must learn to trust God, trust Jesus Christ, and trust the Word of God. The Bible is very good at identifying the problem and then listing the solutions to the problem. Understanding is the easy part. Application is the hard part. Every successful person understands the words read, study, learn, practice, and work hard. They are excellent words for every Christian who wants to succeed and win.

satisfactory answers. It is reassembling the pieces of life that have been shattered by assumptions and expectations in order to create a new beginning. Within the process we begin to heal and recover. But as we close one chapter of life, we need tools and information to begin a new chapter and make that transition from what was to what is now. It requires challenging old assumptions and creating a new identity and road map for life going forward.
