Settings There are different ways in which one can get a diagnosis of what ails them, and the most common way is through Phlebotomy, where blood is drawn and taken to the lab technicians. Are you on your way to getting the NHA certification on this technique? Take up the quiz below and get to know just how much of the class work you remember.

Each phlebotomy certification exam can be a little different. You should expect it to be between 50 and 300 questions long and to cover all aspects of the field. Some institutions will require you to perform a practical test as well. For example, The American Certification Agency has a written and practical application exam.
