The human relations theory, also known as neo-classical theory, states that while designing an organisation structure, the people who are employed there and their behaviour should

Traditional  
organizational theory  
was developed at the  
late 19th century and  
was taken from a  
bureaucratic-style  
structure, where there

## ~~ORGANIZATIONAL STRUCTURE BASIC DESIGNS~~

Organizational theory consists of many approaches to organizational analysis.

"Organizations" are defined as social units of people that are structured and managed to meet a need, or to pursue

collective goals.

Theories of organizations include rational system perspective, division of labor, bureaucratic theory, and

contingency theory. In a rational organization system, there are two significant parts:

Specificity of Goals  
and Formalization.
