"Market-leading text Organization Development and Change provides students with an excellent grounding in the theoretical underpinnings of the subject as well as describing, in practical terms, how behavioural science can be used to develop organizational strategies, structures and processes. It will enrich students' understanding and study of organization development, change management and human resources management. This is the first time the textbook has been adapted for Europe, South Africa and the Middle East. Therefore, all the core elements which have contributed to this popular textbook's success are complemented by the inclusion of recent and relevant developments in the field pertinent to these regions, enabling students to fully relate to the topics discussed. This title is available with MindTap, a flexible online learning solution which features an interactive eReader, a wide range of assignments and quizzes as well as scenario-based questions and cases to further entrench key concepts, boost confidence, develop critical thinking skills and prepare students for the workplace, alongside analytics to help you track their progress."--publisher's website

This book blends rigor and relevance in a comprehensive and clear presentation. The authors work from a strong theoretical foundation to describe, in practical terms, how behavioral science knowledge can be used to develop organizational strategies, structures, and processes.

Covering classic and contemporary organization development (OD) techniques, this is a comprehensive text on individual, team, and organizational change. Incorporating OD ethics and values into each chapter, Donald L. Anderson provides discussion of the real-world application of these theoretical ideas. In-depth case studies that follow major content chapters allow students to immediately apply what they have learned. In today's challenging environment of increased globalization, rapidly changing technologies, economic pressures, and expectations in the contemporary workforce, this book is an essential tool.

The role of human resources is no longer limited to hiring, managing compensation, and ensuring compliance. Since the 1990s, a transformation has occurred. Companies are calling upon a new breed of HR professionals to behave as organization development consultants, helping to determine priorities in running the business, design how work gets done, craft strategy, and shape culture. A compendium of the best thinking on the subject, Handbook for Strategic HR includes 78 articles from the renowned OD Practitioner. It introduces readers to core organization development strategies and skills, giving

them creative approaches, practical tips, and proven methods to help them: * See the big picture, think systemically, and strategically identify where best to foster change in their organization * Team up with consultants and senior-level staff in leading a change project * Put employee engagement to practical use and involve "minds, hearts, and hands" in the important work of the organization * Operate effectively in cross-cultural and virtual working situations Comprehensive and practical, this forward-thinking book enables readers to become key partners in leading their organizations forward. This book is approved for HRCI Recertification Credit. See the SHRM store website for details.

Organizational Change integrates major empirical, theoretical and conceptual approaches to implementing communication in organizational settings. Laurie Lewis ties together the disparate literatures in management, education, organizational sociology, and communication to explore how the practices and processes of communication work in real-world cases of change implementation. Gives a bold and comprehensive overview of communication research and ideas on change and those who bring it about Fills in an important piece of the applied communication puzzle as it relates to organizations Illustrated with student friendly, real life case studies from organizations, including organizational mergers, governmental or nonprofit policy or procedural implementation, or technological innovation Winner of the 2011 Organizational Communication NCA Division Book of the Year

Awaken, mobilize, accelerate, and institutionalize change. With a rapidly changing environment, aggressive competition, and ever-increasing customer demands, organizations must understand how to effectively adapt to challenges and find opportunities to successfully implement change. Bridging current theory with practical applications, Organizational Change: An Action-Oriented Toolkit, Third Edition combines conceptual models with concrete examples and useful exercises to dramatically improve the knowledge, skills, and abilities of students in creating effective change. Students will learn to identify needs, communicate a powerful vision, and engage others in the process. This unique toolkit by Tupper Cawsey, Gene Deszca, and Cynthia Ingols will provide readers with practical insights and tools to implement, measure, and monitor sustainable change initiatives to guide organizations to desired outcomes.
