Even professional killers need vacations, but for Victor Faust, his vacation in Venezuela is about more than relaxation and time alone with Izabel Seyfried. It is a chance for him to come clean to Izabel: to tell her the truth about why he sent her to Italy with his brother, the truth behind his interest in Nora Kessler, and about his knowledge of Izabel ' s child with her former captor. But before Victor can spill his soul, reality proves that for some killers, vacations are just pipe-dreams. Attacked and kidnapped, Izabel finds herself stuffed in a suitcase, while Victor later wakes up imprisoned in a cage. In any other situation, Victor would find a way out and save himself and the woman he loves—but not this time. When the identities of their kidnappers are revealed, Victor loses all hope, and begins the mental process of accepting his and Izabel ' s last moments together. And Izabel ' s final moments of life. As if his circumstances are not complicated enough, members of Vonnegut ' s Order are finally closing in on Victor. And when they do, he comes face-to-face with someone else he once knew and loved, who could either help him, or make a grave situation much worse. Victor ' s past has finally caught up with him: the women he has cared for, loved, and killed; the families he has destroyed; the unforgivable crimes he has committed. And now he must face the consequences, and pay the ultimate price for absolution. But when it is all over, Victor may not have the strength to pick up what is left and move on. Because the event changes him. Because love changed him. And because, unlike before when he thought it is was for the best, he cannot imagine a life without Izabel in it.

The enigmatic Anne Boleyn comes to life in this charming, brilliant portrayal by acclaimed British novelist Margaret Campbell Barnes. The infamous love of King Henry VIII and the mother of Queen Elizabeth I, Anne Boleyn undertook a rocky journey from innocent courtier to powerful Queen of England. A meticulous researcher, Margaret Campbell Barnes immerses readers in this intrigue and in the lush, glittery world of the Tudor Court. The beauty and charms of Anne Boleyn bewitched the most powerful man in the world, King Henry VIII, but her resourcefulness and cleverness were not enough to stop the malice of her enemies. Her swift rise to power quickly became her own undoing. The author brings to light Boleyn's humanity and courage, giving an intimate look at a young woman struggling to find her own way in a world dominated by men and adversaries.

Making Peace with God and Money This is not a book about how to make money ... or spend it ... or give it away. Rather, it's a book for anyone who has ever worried about money -- about having enough -- and it begins with a startling assumption: No amount of money will ever lift your anxiety. This may seem counterintuitive, but in Gregory Jeffrey we have an experienced guide. With degrees in business and theology, he has worked as a development consultant for two decades. In meeting with thousands of individuals to ask their support for various causes, he discovered -- to his amazement -- that some people with millions worried constantly about money; others, of very modest means, seemed immune. Apparently, making peace with money entails something other than money. This insight led Jeffrey to question every fundamental assumption we hold about wealth. With warmth, humor, and a writing style as simple as the Dakota prairie he grew up on, he offers a unique perspective on the interplay between our spiritual and financial lives. Rich with images, stories, and compassion for the millions now burdened with financial worries, Jeffrey teases out what is required of the soul who wishes to be free of anxiety. "Practical and timely, this book...will challenge you to grow in wisdom, trust, frugality, and generosity." -- Scott Hahn, best-selling author, speaker, and Scripture scholar "In striving for holiness, conversion is needed in all parts of our lives. Jeffrey goes to that place rarely examined: the intersection where wealth and God meet, and often come into conflict. As a remedy and balm, he shares with visual examples and heartwarming stories a sobering insight: to be at peace with money, you must first be at peace with God." -- The Most Reverend Samuel J. Aquila, Bishop of Fargo

A workbook for using symbolic acts to heal the unconscious mind • Provides several hundred successful psychomagic solutions for a wide range of specific psychological, sexual, emotional, and physical problems, from stuttering, eczema, and fears to repressed rage and hereditary illnesses • Details how practitioners can develop unique psychomagic solutions for their patients • Explains how psychomagic bypasses the rational mind to work directly with the unconscious for quicker and more enduring change Traditional psychotherapy seeks to unburden the unconscious mind purely through talk and discussion. Psychomagic recognizes that it is difficult to reach the unconscious with rational thought. We should instead speak directly to the unconscious in its own language, that of dreams, poetry, and symbolic acts. By interacting on this deeper level, we can initiate quicker and more enduring change to resolve repressed childhood trauma, express buried emotions, and overcome deep-seated intimacy issues. Through the lens of psychomagic, illness can be seen as the physical dream of the unconscious, revealing unresolved issues, some passed from generation to generation. In this workbook of psychomagic spells, legendary filmmaker and creator of psychomagic Alejandro Jodorowsky provides several hundred successful psychomagic solutions for a wide range of psychological, sexual, emotional, and physical problems from stuttering, eczema, and fear of failure to repressed rage, hereditary illnesses, and domineering parents. Each solution takes the same elements associated with a negative emotional charge and recasts them into a series of theatrical symbolic actions that enable one to pay the psychological debts hindering their lives. Explaining the shamanic techniques at the foundation of psychomagic, the author offers methods for aspiring practitioners to develop solutions for their own unique patients. Jodorowsky explains how the surreal acts of psychomagic are intended to break apart the dysfunctional persona with whom the patient identifies in order to connect with a deeper, more authentic self. As he says in the book, “ Health only finds itself in the authentic. There is no beauty without authenticity. ”

On a lonely hill in rural Ireland, overlooking the gray sea, sits the solid, unforgiving Moriarty home, Solas. After the departure of her grown son, Sive, the Storyteller, is alone in the house for the first time in years. She bathes, dresses in long flowing robes, and sweeps from room to room, calling together the souls of her family's past. As they all gather around the fire, Sive lays out her tarot cards and prepares to tell their stories. From the magical landscapes of coastal Ireland to the grotesque bustle of sixties London, Sive gives the history of her grandmother, her mother, and herself. She traces the path of her grandmother's cruel and unbearable marriage to her mother's wild escape to London, and, finally, to her own return to the family home. Each woman endures the hardship of being poor and uneducated, and of becoming involved with the wrong men. Their lives are difficult and harsh; and yet, in their own ways, they are able to draw on their inner strength to help each other have a better life. Beautifully written with the Irish flare of weaving in a touch of magic, Suzanne Power's *The Lost Souls' Reunion* is the story of a mother's love for her child, a woman's love for her man, and a family's love for their land.

In recent years, endurance athletes, bodybuilders, and long-distance runners such as Ruth Heidrich, Scott Jurek, Rich Roll, Brendan Brazier, Robert Cheeke, and many others have destroyed the notion that you cannot be a top-flight competitor on a plant-based diet and upended the stereotype that veganism means weakness, placidity, and passivity. But are there deeper connections between veganism and running, for example, that reach beyond attaining peak performance to other aspects of being vegan: such as living lightly on the land, caring for other-than-human life, and connecting to our animal bodies? The fifteen writers in *Running, Eating, Thinking* wager that there are, and they explore in manifold ways how those connections might be made. From coping with cancer to reflecting on the need of the confined animal to run free, from Buddhist ideas of nonviolence to harnessing the breath for singing and running, and from extolling the glories of lentils to committing oneself to the long run in animal activism, *Running, Eating, Thinking* is a pioneering anthology that may redefine your thinking about veganism and running.
