The outward signs of a mental illness are often behavioral. A person may be extremely quiet or withdrawn. Conversely, they may burst into tears, have great anxiety or have outbursts of anger. Even after treatment has started, some individuals with a mental illness can exhibit anti-social behaviors.

Mental Illness and the Family: Recognizing Warning Signs ...
Signs of poor mental health. We've all heard of mental health diagnoses like depression, anxiety and bipolar disorder. But having a diagnosis does not necessarily mean that someone's mental health is poor right now. You could have a diagnosis of a mental health condition but, right now, be able to manage it and function well at work and at home. Equally,
