Slicing Pie allows people to "invest" in the future outcome of the company. But, unlike an established company, startups have no value so it's not a traditional investment, it's a gamble. Because it's a gamble, the price and percentage ownership of the shares isn't absolute, it's relative based on each person's bet.

Slicing Pie is a universal formula for creating a perfectly fair equity split in an early-stage, bootstrapped startup. Traditional, old-fashioned equity splits are based on guesses about the future, negotiation skills and rules-of-thumb. The Slicing Pie model is different because it's based on what participants actually contribute over time.
