The Book of the Sacred Magic of Abramelin the Mage is a European Kabbalistic grimoire, or book of magick that purports to be a method whereby an individual can make contact with their Holy Guardian Angel. It is attributed to the semi-mythological German Jewish figure Abraham of Worms (c. 1360-1460).

**Here's an Ancient Ritual for Contacting Your Holy Guardian**  
Sacred Magic of Abramelin the Mage, frequently known as the Book of Abramelin, is steeped in Jewish exoticism. The document has become a classical text of ceremonial magick and is attributed to the fourteenth century Jewish scholar Abramelin von Worms (see Abraham the Jew).

**The Book of the Sacred Magic of Abramelin the Mage by**  
The Book of Abramelin Written in the 15th century, the Book of Abramelin the Mage is one of the most prominent mystical texts of all time. It is the work of Abraham von Worms, a Jewish traveler who purportedly encountered the enigmatic magician Abramelin during a voyage to Egypt.

**The Book of Abramelin—Old Pnakotic**  
Book of Abramelin (New and Expanded Edition) This is the newly revised and expanded second edition of this modern magical classic. Being a complete and modern translation from various extant manuscripts, including a previously unpublished fourth part.

This is a new and expanded second edition of The Book of Abramelin, a modern classic of Magic since it was first published in English by Ibis Press in 2006. The new material includes copious footnotes and an extensive index. It is the first modern translation of this critical magical work since S.L. Macgregor Mathers ' s original translation over 100 years ago. Not only is the language updated, but Georg Dehn, the compiler and editor, has sourced his work from all extant manuscripts, whereas Mathers used just one. The result is a stunning new translation, which has already set the occult world abuzz.

This remarkable grimoire was translated by S.L.M. Mathers from a 15th century French manuscript. This text has had a huge influence on modern ceremonial magic, and has been cited as a primary influence on Aleister Crowley. Abraham of Würzburg, a cabalist and scholar of magic, describes a quest for the secret teachings which culminated in Egypt, where he encountered the magician Abramelin, who taught him his system in detail. The procedure involves many months of purification, followed by the invocation of good and evil spirits to accomplish some very worldly goals, including acquisition of treasure and love, travel through the air and under water, and raising armies out of thin air. It also tells of raising the dead, transforming ones appearance, becoming invisible, and starting storms. The key to this is a set of remarkable magic squares, sigils consisting of mystical words which in most cases can be read in several directions. Of course, these diagrams are said to have no potency unless used in the appropriate ritual context by an initiate. Mathers analyzed these words in an extensive set of notes and gives possible derivations from Hebrew, Greek and other languages.

The system of spirit-working (goetic) contained in the Book of Abramelin is hidden in a scattered fashion throughout the grimoire. While it is not at all blinded, it is presented in such a way the merely curious are likely to overlook it. And they have! In this essay, I gather the information and cover this system in detail - drawing upon my own knowledge and experience in order to present a complete and fully-functioning system of spirit-magick for those who have completed the Rite of Abramelin. Plus, as an added bonus, I have included The Magickal Word-Squares of Abramelin: Compiled and Corrected for the First Time- making the full range of the word-squares more readily accessible than ever before. [182 pgs, 6 x 9 in]

The Book of Abramelin is one of the greatest Jewish magical grimoires of all time. Supposedly written in 1438 CE and attributed to Abraham Von Worms, the squares have defied accurate translation...until now.

The Book of the Sacred Magic of Abramelin the Mage-originally published in 1900, translated by Samuel Mathers from a 15th-century French document-was purportedly written by Abraham for his son Lamech. Within this volume are three books. The first book is Abraham's autobiography in which he speaks to his son. The second book is an explanation of the purification rituals necessary to bring the magician's personal demon under his control. And the third book details what feats can be accomplished once the practitioner is able to use a form of magic controlled and directed through sigils of magic words written on a grid. Anyone with an interest in the occult will find this an interesting, though perhaps impractical, guide for exploring mystic arts.

The Book of the Sacred Magic of Abramelin the Mage is a 15th-century grimoire, or book of magic, that includes instructions on how an individual can make contact with their Holy Guardian Angel. Few occultists have dared to follow the instructions, known as the "operation," hidden within the text. Fewer yet have been successful. Even the famous Aleister Crowley failed to complete it. Over a six-month period in 1977, Ramsey Dukes attempted the Abramelin operation. The Abramelin Diaries is his account of what transpired when he attempted to contact his Holy Guardian Angel. It provides a retrospective commentary on what the operation did for Dukes, along with its value and significance. It also includes a brief history of The Book of the Sacred Magic of Abramelin the Mage and its magical tradition. This is a book for serious occultists only.

The Clavis or Key to the Magic of Solomon is one of several notebooks from the estate of Ebenezer Sibley, transcribed under the direction of Frederic Hockley (1808-1885). Sibley was a prominent physician and an influential author, who complemented his scientific studies with writings on the deeper truths including magic, astrology, alchemy, and hypnotherapy. Both Sibley and Hockley were major inspirations in the occult revival of the past two centuries, influencing A.E. Waite, S.L. Mathers, Aleister Crowley, as well as the Golden Dawn, Rosicrucian, and Masonic movements. This collection reflects Sibley's teachings on the practical use of celestial influences and harmonies. The Clavis contains clear and systematic instructions for constructing magical tools and pentacles for many practical purposes. It includes eight separate magical texts: The Mysterious Ring, Experiments of the Spirits, Birto, Vassago, Agares, Bealpharos, The Wheel of Wisdom, and the Complete Book of Magic Science. The manuscript reproduced here is the most accurate and complete known, very beautifully and carefully written complete with extraordinary hand-colored seals and colored handwritten text. 282 color pages with a color fold-out and a huge index.
