## Information At Risk

The Computer Incident Response  
Planning Handbook ...

The purpose of this Computer Incident  
Response Plan (CIRP) is to provide  
the University with a plan that  
addresses the dynamics of a computer  
security incident. A computer security  
incident is one that threatens  
confidentiality, integrity or availability  
of University information assets with  
high impact, high threat involving high  
risk and great vulnerability.
