The Problems You Will Encounter With Set and Forget Trading. Whilst set and forget trading has a lot of positives, it also has some drawbacks and is not for everyone.

*How to Use Set and Forget Trading Strategies*

The basic definition I'm working with when I'm talking about 'set and forget trading' is whereby you open a position with a pre-defined stop loss, take profit and entry location, and once the trade is activated, you let it go with no trade management. This means you let the trade run until it hits your take profit, or your stop loss.

The Irony & Fallacy of Set and Forget Forex Trading. The irony (and fallacy) hiding behind this one size fits all approach is it assumes you are responsible enough to make a good trade entry, stop loss and take profit, BUT you are clearly not mature, intelligent or responsible enough to manage a trade. How ridiculous.
