Put this Pulitzer Prize winner at the top of your reading list! Page 1 of 1 Start over Page 1 of 1 . TR One of the better Teddy Roosevelt biographies. At ThriftBooks, our motto is: Read More, Spend Less. The Rise of Theodore Roosevelt skillfully catalogues the early years of the man who eventually becomes president. Theodore Roosevelt And the Rise of America to World Power Howard K. Beale ...

Presents the life and accomplishment of the twentieth-sixth president, in a period which saw the rise of the United States as a world power.

Presenting beautifully illustrated picture book biographies, this book pairs narrative nonfiction biographies rich in language and illustrations with national content standards in the social studies, science, and the arts. • Provides more than 100 picture book biographies (primarily from 2010 to the present) that offer the newest in engaging literature • Supplies lessons and units of instruction—including technology and web tools—that can be used to teach collaboratively with content area teachers • Links directly to national content area standards to ensure rigorous teaching • Provides clear evidence of the value of using higher-level picture books with middle grade students • Lends the unique perspective of authors who hold graduate degrees in children's literature, have been book reviewers for many years, have presented at state and national conferences on children's literature, and possess extensive experience with review committees of children's resources at the state and national levels on the subject of determining the quality of books for children

Partnering lively storytelling with detailed illustrations, this thrilling true story of adventurer Daniel Boone takes readers back to Colonial America where they can witness first-hand formative milestones in history during America's great westward expansion.

Combining history, biography, and illustration, an exciting glimpse into the life of America's Plant Doctor, who rose from slavery to international fame, details his childhood, his thirst for knowledge, and his revolutionary innovations that profoundly impacted American agriculture.

Brings to life the experiences of the Pilgrims and their military advisor, Myles Standish, in America, describing the people they met, the hardships they overcame, and the many successes they achieved.

According to Piaget, all higher-order thinking skills have their bases in activities involving concrete manipulation and observation. The third edition of this highly regarded collection of social studies activities continues to be based on the premise that children learn best through experiences and activities—learning by doing. It features new activities for each social studies category (geography, history, anthropology, sociology, economics, political science, and interdisciplinary). Three important new additions to the key elements of the easy-to-follow activity format make it easier for instructors to meet standards-based curriculum requirements: A detailed treatment of National Council of Social Studies standards addressed; specific multiple intelligences

Online Library The Remarkable Rough Riding Life Of Theodore Roosevelt And The Rise Of Empire America Wild America Gets A Protector Panamas Canal The Big Stick Much Much More Cheryl

addressed (also reinforced by a multiple intelligences section in the back of the book); and useful Web site(s) for group/individual research (URLs for sites that will expand or enrich the learning experience for the activity). By engaging pupils in meaningful, worthwhile social studies activities, instructors can emphasize the processes of learning rather than the products, resulting in a richly rewarding experience for pupils and teacher alike.

Boyett has written a book that will inspire you, lift your spirits, renew your faith in what progressives can accomplish, and show you a way forward. *Getting Things Done in Washington* tells the exciting stories of six great moments of progressive legislative history and the people who made them happen: James Madison and the founding fathers struggle to expand the power of the federal government, The Ladies of Beekman Hill, George Wiley and the struggle for pure food and drugs, Wilbur Mills and the struggle for universal health insurance, Robert Wagner and the struggle for the right of labor to organize, John Sherman and the struggle to rein in and regulate big business, and Lyndon Johnson and the struggle for civil rights legislation. Boyett describes what it was like to live in America before progressives secured these historic pieces of legislation and how these legislative achievements changed the lives of every American. He introduces you to the fascinating men and women who led the efforts to pass this legislation and shows us how to defeat conservatives and once again get progressive things done in Washington. *Getting Things Done in Washington* is vivid and exciting history. It will inspire you to work even harder for progressive causes. Most importantly, it will give you the tools to begin getting things done in Washington.

The charming and charismatic Theodore Roosevelt left a legacy that is still strong today. When Americans enjoy the country's many national parks, eat safe meat, or successfully transact business with a company of their choice, they have the progressive President Roosevelt to thank. Fiercely determined to protect the public good, the energetic Roosevelt worked tirelessly on behalf of his fellow citizens.

Reveals what really happened when Narcissa Whitman and her husband, Marcus, embarked on a perilous quest through the untamed Oregon Trail to spread the word of the Bible to the Indians.
