National Book Critics Circle Award Finalist From the acclaimed, award-winning author of *Alexander Hamilton*: here is the essential, endlessly engrossing biography of John D. Rockefeller, Sr.—the Jekyll-and-Hyde of American capitalism. In the course of his nearly 98 years, Rockefeller was known as both a rapacious robber baron, whose Standard Oil Company rode roughshod over an industry, and a philanthropist who donated money lavishly to universities and medical centers. He was the terror of his competitors, the bogeyman of reformers, the delight of caricaturists—and an utter enigma. Drawing on unprecedented access to Rockefeller's private papers, Chernow reconstructs his subjects' troubled origins (his father was a swindler and a bigamist) and his single-minded pursuit of wealth. But he also uncovers the profound religiosity that drove him "to give all I could"; his devotion to his father; and the wry sense of humor that made him the country's most colorful codger. *Titan* is a magnificent biography—balanced, revelatory, elegantly written.

The author draws on Rockefeller's own papers to provide a biography of the legendary oilman, capitalist, and philanthropist

From the Pulitzer Prize-winning bestselling author of *Alexander Hamilton*, the inspiration for the hit Broadway musical, comes this definitive biography of the Warburgs, one of the great German-Jewish banking families of the twentieth century. Bankers, philanthropists, scholars, socialites, artists, and politicians, the Warburgs stood at the pinnacle of German (and, later, of German-American) Jewry. They forged economic dynasties, built mansions and estates, assembled libraries, endowed charities, and advised a German kaiser and two American presidents. But their very success made the Warburgs lightning rods for anti-Semitism, and their sense of patriotism became increasingly dangerous in a Germany that had declared Jews the enemy. Ron Chernow's hugely fascinating history is a group portrait of a clan whose members were renowned for their brilliance, culture, and personal energy yet tragically vulnerable to the dark and irrational currents of the twentieth century.

From the author of *Alexander Hamilton*, the New York Times bestselling biography that inspired the musical, comes a gripping portrait of the first president of the United States. Winner of the 2011 Pulitzer Prize for Biography "Truly magnificent . . . [a] well-researched, well-written and absolutely definitive biography" —Andrew Roberts, *The Wall Street Journal* "Until recently, I'd never believed that there could be such a thing as a truly gripping biography of George Washington . . . Well, I was wrong. I can't recommend it highly enough—as history, as epic, and, not least, as entertainment." —Hendrik Hertzberg, *The New Yorker* Celebrated biographer Ron Chernow provides a richly nuanced portrait of the father of our nation and the first president of the United States. With a breadth and depth matched by no other one volume biography of George Washington, this crisply paced narrative carries the reader through his adventurous early years, his heroic exploits with the Continental Army during the Revolutionary War, his presiding over the Constitutional Convention, and his magnificent performance as America's first president. In this groundbreaking work, based on massive research, Chernow shatters forever the stereotype of George Washington as a stolid, unemotional figure and brings to vivid life a dashing, passionate man of fiery opinions and many moods. Lin-Manuel Miranda's smash Broadway musical *Hamilton* has sparked new interest in the Revolutionary War and the Founding Fathers. In addition to *Alexander Hamilton*, the production also features George Washington, Thomas Jefferson, James Madison, Aaron Burr, Lafayette, and many more.

Probably in the life of every one there comes a time when he is inclined to go over again the events, great and small, which have made up the incidents of his work and pleasure, and I am tempted to become a garrulous old man, and tell some stories of men and things which have happened in an active life. In some measure I have been associated with the most interesting people our country has produced, especially in business-men who have helped largely to

## Get Free Titan The Life Of John D Rockefeller Sr Ron Chernow

build up the commerce of the United States, and who have made known its products all over the world. These incidents which come to my mind to speak of seemed vitally important to me when they happened, and they still stand out distinctly in my memory.

Born Heinrich Hilgard in Bavaria, Henry Villard (1835-1900) emigrated to the United States at age 18 after a disagreement with his father, penniless, not speaking a word of English and without his parents' knowledge. Within five years, he had mastered the English language and was covering the events of the day for the nation's top newspapers. Villard reported firsthand on the Lincoln-Douglas debates and from the front lines of the Civil War, filed graphic, hard-hitting reports that earned him the admiration of the newspaper community. His circle of acquaintances included President Lincoln, General Grant, and the famed abolitionist William Lloyd Garrison, whose daughter Villard married. When the Civil War ended, Villard's penchant for risk-taking and adventure and his uncanny business acumen led him to become a restless innovator, breaking new ground in many areas. In journalism, he launched the first news syndicate in the United States; in the world of finance, he was a pioneer of venture capitalism and one of the first to employ the leveraged buyout. He catapulted himself into the presidency of the Northern Pacific Railroad and shared with Thomas Edison the vision of an electrified nation. His investment in Edison's electrical enterprises paved the way for Villard to mastermind the consolidation of what is now known as the General Electric Company. In 1883, triumphantly driving the last spike himself, he completed the nation's second transcontinental railroad. Later that year a financial panic nearly ruined him, but within a few years he made a phenomenal comeback based on his faith in Edison and the future of electricity. Drawing on unpublished letters, Henry Villard's German and English memoirs, and other sources, this biography vividly recreates Villard's times and tells the rags-to-riches story of a German immigrant who made major contributions to his adopted homeland. "[Villard's] story is worth telling and in this biography it is told well." "The Economist" "The account here of young Henry's ghastly first year as an immigrant is terrific, as good a piece of American biography as I've read. In general, you come away from the book with a much clearer idea of the Civil War as opportunity, not merely disaster, and as the watershed in U.S. history... Villard was an attractive character: optimistic, generous, affectionate. His attitudes toward slavery and female emancipation need cause his great-granddaughter no blush... [B]ecause we have so much information about Henry Villard [...] he comes alive for us as no other businessman of his age." "James Buchan, The Observer" "In their well-crafted biography, Alexandra Villard de Borchgrave and John Cullen lovingly recount the meteoric rise of one of the nineteenth century's most unsung business titans, Henry Villard." "Ryan J. Carey, Harvard Business School's Business History Review" "An insightful, lively and much-needed biography..." "John M. Lindley, Ramsey County History" "Henry Villard is a name not widely known today, but a century ago this would not have been the case. Alexandra de Borchgrave's and John Cullen's biography of her greatgrandfather's rise from penniless and prospectless young German immigrant to prominence and wealth has the fast pace and rich detail of a good novel and the meticulous research of a good history." "Dr. Henry A. Kissinger" "Henry Villard's great-granddaughter Alexandra de Borchgrave and John Cullen have brought us a fascinating, brisk, and judicious life of one of the most intriguing figures in American history. Villard is the story not only of one man's heroic enterprise, but also of Abraham Lincoln, William Lloyd Garrison, and the Civil War, the rise of railroads, the contradictions of the Gilded Age, and New York's arrival as a world-class city." "Michael Beschloss, historian" "A spruce, engaging account of the life and services of one of the great public and private figures of our time. Anyone engaged with New York and American values in the past century should certainly read it. It will be time admirably spent." "John Kenneth Galbraith, professor of economics, Harvard University" "A remarkable, illuminating portrait of one of the great figures of New York history. Superbly told. An important adjunct to the library of anyone who is interested in the history of New York City." "George Plimpton, author; editor of The Paris Review" "The stirring saga of a truly remarkable man who enthusiastically embraced the challenges of his turbulent century. Immigrant, journalist, explorer, war correspondent, entrepreneur, tycoon, and visionary Villard's boundless energy, adventurous spirit, and courage in the face of adversity are an inspiration."

## Get Free Titan The Life Of John D Rockefeller Sr Ron Chernow

□ Brian C. Pohanka, Civil War author and consultant to Time-Life Books □ The Civil War □ Alexandra de Borchgrave and John Cullen at last do justice to a forgotten giant of American journalism and finance. A Civil War correspondent who invented the news syndicate and knew and was admired by President Lincoln, he then entered the world of finance to tussle with the likes of J. P. Morgan in the building of American railroads, and the founding of what became General Electric. Almost ruined in the panic of 1883, he returned to rebuild his empire and regain his place both in business and society. It's a great addition to the story of America. □ □ Walter B. Wriston, former chairman, Citicorp

Published to critical acclaim twenty years ago, and now considered a classic, *The House of Morgan* is the most ambitious history ever written about American finance. It is a rich, panoramic story of four generations of Morgans and the powerful, secretive firms they spawned, ones that would transform the modern financial world. Tracing the trajectory of J. P. Morgan's empire from its obscure beginnings in Victorian London to the financial crisis of 1987, acclaimed author Ron Chernow paints a fascinating portrait of the family's private saga and the rarefied world of the American and British elite in which they moved—a world that included Charles Lindbergh, Henry Ford, Franklin Roosevelt, Nancy Astor, and Winston Churchill. A masterpiece of financial history—it was awarded the 1990 National Book Award for Nonfiction and selected by the Modern Library as one of the 100 Best Nonfiction Books of the Twentieth Century—*The House of Morgan* is a compelling account of a remarkable institution and the men who ran it, and an essential book for understanding the money and power behind the major historical events of the last 150 years.

Advice and words of wisdom from the greatest American businessman and philanthropist. John D. Rockefeller is considered to be the wealthiest man to have ever lived, after adjusting for inflation. An American businessman who made his wealth as a cofounder and leading figure of the Standard Oil Company, he also had a pivotal role in creating our modern system of philanthropy. Collected in *John D. Rockefeller on Making Money* are the words from the man himself, offering advice on how to successfully start and manage a booming business, as well as the most efficient ways to preserve your wealth once you have acquired it. These quotes also cover: Happiness in the face of great wealth Money and its effects Thoughts on facing public criticism Thoughts on big business in the USA Included are John D. Rockefeller's thoughts on the most sage and conscientious manner of distributing and sharing your wealth when your wealth is overflowing. Finally, we get a glimpse into Rockefeller's life with the inclusion of some of his most personal correspondence.

The #1 New York Times bestseller. Named one of the 10 Best Books of 2017 by The New York Times Book Review. Pulitzer Prize winner Ron Chernow returns with a sweeping and dramatic portrait of one of our most compelling generals and presidents, Ulysses S. Grant. Ulysses S. Grant's life has typically been misunderstood. All too often he is caricatured as a chronic loser and an inept businessman, or as the triumphant but brutal Union general of the Civil War. But these stereotypes don't come close to capturing him, as Chernow shows in his masterful biography, the first to provide a complete understanding of the general and president whose fortunes rose and fell with dizzying speed and frequency. Before the Civil War, Grant was flailing. His business ventures had ended dismally, and despite distinguished service in the Mexican War he ended up resigning from the army in disgrace amid recurring accusations of drunkenness. But in war, Grant began to realize his remarkable potential, soaring through the ranks of the Union army, prevailing at the battle of Shiloh and in the Vicksburg campaign, and ultimately defeating the legendary Confederate general Robert E. Lee. Along the way, Grant endeared himself to President Lincoln and became his most trusted general and the strategic genius of the war effort. Grant's military fame translated into a two-term presidency, but one plagued by corruption scandals involving his closest staff members. More important, he sought freedom and justice for black

## Get Free Titan The Life Of John D Rockefeller Sr Ron Chernow

Americans, working to crush the Ku Klux Klan and earning the admiration of Frederick Douglass, who called him "the vigilant, firm, impartial, and wise protector of my race." After his presidency, he was again brought low by a dashing young swindler on Wall Street, only to resuscitate his image by working with Mark Twain to publish his memoirs, which are recognized as a masterpiece of the genre. With lucidity, breadth, and meticulousness, Chernow finds the threads that bind these disparate stories together, shedding new light on the man whom Walt Whitman described as "nothing heroic... and yet the greatest hero." Chernow's probing portrait of Grant's lifelong struggle with alcoholism transforms our understanding of the man at the deepest level. This is America's greatest biographer, bringing movingly to life one of our finest but most underappreciated presidents. The definitive biography, Grant is a grand synthesis of painstaking research and literary brilliance that makes sense of all sides of Grant's life, explaining how this simple Midwesterner could at once be so ordinary and so extraordinary. Named one of the best books of the year by Goodreads \* Amazon \* The New York Times \* Newsday \* BookPage \* Barnes and Noble \* Wall Street Journal

"Makes a reader feel like a time traveler plopped down among men who were by turns vicious and visionary."—The Christian Science Monitor The modern American economy was the creation of four men: Andrew Carnegie, John D. Rockefeller, Jay Gould, and J. P. Morgan. They were the giants of the Gilded Age, a moment of riotous growth that established America as the richest, most inventive, and most productive country on the planet. Acclaimed author Charles R. Morris vividly brings the men and their times to life. The ruthlessly competitive Carnegie, the imperial Rockefeller, and the provocateur Gould were obsessed with progress, experiment, and speed. They were balanced by Morgan, the gentleman businessman, who fought, instead, for a global trust in American business. Through their antagonism and their verve, they built an industrial behemoth—and a country of middle-class consumers. The Tycoons tells the incredible story of how these four determined men wrenched the economy into the modern age, inventing a nation of full economic participation that could not have been imagined only a few decades earlier.
