Understanding David Foster Wallace (eBook, 2020) [WorldCat ...

The Lost Years and Last Days of David Foster Wallace (Rolling Stone, October 30th, 2008) Yesterday marks the 12th anniversary of David Foster Wallace passing away. I don't know how I missed this piece when it came out in October 2008, about 6 weeks after his death.

A few things worth sharing: 09-13-2020 - Peter Attia

David Foster Wallace (February 21, 1962 - September 12, 2008) was an American author of novels, short stories and essays, as well as a university professor of English and creative writing. Wallace is widely known for his 1996 novel Infinite Jest, which Time magazine cited as one of the 100 best English-language novels from 1923 to 2005.

David Foster Wallace - Wikipedia

Asked in 2006 about the philosophical nature of his fiction, the late American writer David Foster Wallace replied, "If some people read my fiction and see it as fundamentally about philosophical ideas, what it probably means is that these are pieces where the characters are not as alive and interesting as I meant them to be." *Gesturing Toward Reality* looks into this quality of Wallace's work--when the writer dons the philosopher's cap--and sees something else.

Gesturing Toward Reality: David Foster Wallace and ...

Understanding David Foster Wallace guides readers through thoughtful examinations of Wallace's novels *The Broom of the System* and *Infinite Jest* and first two short story collections, *Girl with Curious Hair* and *Brief Interviews with Hideous Men*.

David Foster Wallace - Amazon.co.uk

Understanding David Foster Wallace. Since its publication in 2003, Understanding David Foster Wallace has served as an accessible introduction to the rich array of themes and formal innovations that have made Wallace's fiction so popular and influential.

Since its publication in 2003, Understanding David Foster Wallace has served as an accessible introduction to the rich array of themes and formal innovations that have made Wallace's fiction so popular and influential. A seminal text in the burgeoning field of David Foster Wallace studies, the original edition of Understanding David Foster Wallace was nevertheless incomplete as it addressed only his first four works of fiction--namely the novels *The Broom of the System* and *Infinite Jest* and the story collections *Girl with Curious Hair* and *Brief Interviews with Hideous Men*. This revised edition adds two new chapters covering his final story collection, *Oblivion*, and his posthumous novel, *The Pale King*. Tracing Wallace's relationship to modernism and postmodernism, this volume provides close readings of all his major works of fiction. Although critics sometimes label Wallace a postmodern writer, Boswell argues that he should be regarded as the nervous leader of some still-unnamed (and perhaps unnamable) third wave of modernism. In charting a new direction for literary practice, Wallace does not seek to overturn postmodernism, nor does he call for a return to modernism. Rather his work moves resolutely forward while hoisting the baggage of modernism and postmodernism heavily, but respectfully, on its back. Like the books that serve as its primary subject, Boswell's study directly confronts such arcane issues as postmodernism, information theory, semiotics, the philosophy of Ludwig Wittgenstein, and poststructuralism, yet it does so in a way that is comprehensible to a wide and general readership--the very same readership that has enthusiastically embraced Wallace's challenging yet entertaining and redemptive fiction.

In this rare peak into the personal life of the author of numerous bestselling novels, gain an understanding of David Foster Wallace and how he became the man that he was. Only once did David Foster Wallace give a public talk on his views on life, during a commencement address given in 2005 at Kenyon College. The speech is reprinted for the first time in book form in *This is Water*. How does one keep from going through their comfortable, prosperous adult life unconsciously? How do we get ourselves out of the foreground of our thoughts and achieve compassion? The speech captures Wallace's electric intellect as well as his grasp in attention to others. After his death, it became a treasured piece of writing reprinted in *The Wall Street Journal* and the *London Times*, commented on endlessly in blogs, and emailed from friend to friend. Writing with his one-of-a-kind blend of causal humor, exacting intellect, and practical philosophy, David Foster Wallace probes the challenges of daily living and offers advice that renews us with every reading.

A gargantuan, mind-altering comedy about the Pursuit of Happiness in America Set in an addicts' halfway house and a tennis academy, and featuring the most endearingly screwed-up family to come along in recent fiction, *Infinite Jest* explores essential questions about what entertainment is and why it has come to so dominate our lives: about how our desire for entertainment affects our need to connect with other people; and about what the pleasures we choose say about who we are. Equal parts philosophical quest and screwball comedy, *Infinite Jest* bends every rule of fiction without sacrificing for a moment its own entertainment value. It is an exuberant, uniquely American exploration of the passions that make us human - and one of those rare books that renew the idea of what a novel can do. "The next step in fiction...Edgy, accurate, and darkly witty...Think Beckett, think Pynchon, think Gaddis. Think." --Sven Birkerts, *The Atlantic*

In this elegant volume, literary critics scrutinize the existing Wallace scholarship and at the same time pioneer new ways of understanding Wallace's fiction and journalism. In critical essays exploring a variety of topics--including Wallace's relationship to American literary history, his place in literary journalism, his complicated relationship to his postmodernist predecessors, the formal difficulties of his 1996 magnum opus *Infinite Jest*, his environmental imagination, and the "social life" of his fiction and nonfiction--contributors plumb sources as diverse as Amazon.com reader recommendations, professional book reviews, the 2009 *Infinite Summer* project, and the David Foster Wallace archive at the University of Texas's Harry Ransom Center.

State-of-the-art guide to David Foster Wallace's fiction, focusing exclusively on his novels, *The Broom of the System*, *Infinite Jest*, and *The Pale King*.

Asked in 2006 about the philosophical nature of his fiction, the late American writer David Foster Wallace replied, "If some people read my fiction and see it as fundamentally about philosophical ideas, what it probably means is that these are pieces where the characters are not as alive and interesting as I meant them to be." *Gesturing Toward Reality* looks into this quality of Wallace's work--when the writer dons the philosopher's cap--and sees something else. With essays offering a careful perusal of Wallace's extensive and heavily annotated self-help library, re-considerations of Wittgenstein's influence on his fiction, and serious explorations into the moral and spiritual landscape where Wallace lived and wrote, this collection offers a perspective on Wallace that even he was not always ready to see. Since so much has been said in specifically literary circles about Wallace's philosophical acumen, it seems natural to have those with an interest in both philosophy and Wallace's writing address how these two areas come together.

The agents at the IRS Regional Examination Center in Peoria, Illinois, appear ordinary enough to newly arrived trainee David Foster Wallace. But as he immerses himself in a routine so tedious and repetitive that new employees receive boredom-survival training, he learns of the extraordinary variety of personalities drawn to this strange calling. And he has arrived at a moment when forces within the IRS are plotting to eliminate even that little humanity and dignity the work still has. The *Pale King* remained unfinished at the time of David Foster Wallace's death, but it is a deeply compelling and satisfying novel, hilarious and fearless and as original as anything Wallace ever undertook. It grapples directly with ultimate questions--questions of life's meaning and of the value of work and society--through characters imagined with the interior force and generosity that were Wallace's unique gifts. Along the way it suggests a new idea of heroism and commands infinite respect for one of the most daring writers of our time.

Where do you begin with a writer as original and brilliant as David Foster Wallace? Here -- with a carefully considered selection of his extraordinary body of work, chosen by a range of great writers, critics, and those who worked with him most closely. This volume presents his most dazzling, funniest, and most heartbreaking work -- essays like his famous cruise-ship piece, "A Supposedly Fun Thing I'll Never Do Again," excerpts from his novels *The Broom of the System*, *Infinite Jest*, and *The Pale King*, and legendary stories like "The Depressed Person." Wallace's explorations of morality, self-consciousness, addiction, sports, love, and the many other subjects that occupied him are represented here in both fiction and nonfiction. Collected for the first time are Wallace's first published story, "The View from Planet Trillaphon as Seen in Relation to the Bad Thing" and a selection of his work as a writing instructor, including reading lists, grammar guides, and general guidelines for his students. A dozen writers and critics, including Hari Kunzru, Anne Fadiman, and Nam Le, add afterwords to favorite pieces, expanding our appreciation of the unique pleasures of Wallace's writing. The result is an astonishing volume that shows the breadth and range of "one of America's most daring and talented writers" (*Los Angeles Times* Book Review) whose work was full of humor, insight, and beauty.

NOW A MAJOR MOTION PICTURE, STARRING JASON SEGAL AND JESSE EISENBERG, DIRECTED BY JAMES PONSOLDT An indelible portrait of David Foster Wallace, by turns funny and inspiring, based on a five-day trip with award-winning writer David Lipsky during Wallace's *Infinite Jest* tour In David Lipsky's view, David Foster Wallace was the best young writer in America. Wallace's pieces for Harper's magazine in the '90s were, according to Lipsky, "like hearing for the first time the brain voice of everybody I knew: Here was how we all talked, experienced, thought. It was like smelling the damp in the air, seeing the first flash from a storm a mile away. You knew something gigantic was coming." Then Rolling Stone sent Lipsky to join Wallace on the last leg of his book tour for *Infinite Jest*, the novel that made him internationally famous. They lose to each other at chess. They get iced-in at an airport. They dash to Chicago to catch a make-up flight. They endure a terrible reader's escort in Minneapolis. Wallace does a reading, a signing, an NPR appearance. Wallace gives in and imbibes titanic amounts of hotel television (what he calls an "orgy of spectator"). They fly back to Illinois, drive home, walk Wallace's dogs. Amid these everyday events, Wallace tells Lipsky remarkable things--everything he can about his life, how he feels, what he thinks, what terrifies and fascinates and confounds him--in the writing voice Lipsky had come to love. Lipsky took notes, stopped envying him, and came to feel about him--that grateful, awake feeling--the same way he felt about *Infinite Jest*. Then Lipsky heads to the airport, and Wallace goes to a dance at a Baptist church. A biography in five days, *Although Of Course You End Up Becoming Yourself* is David Foster Wallace as few experienced this great American writer. Told in his own words, here is Wallace's own story, and his astonishing, humane, alert way of looking at the world: here are stories of being a young writer--of being young generally--trying to knit together your ideas of who you should be and who other people expect you to be, and of being young in March of 1996. And of what it was like to be with--and--as he tells it--what it was like to become David Foster Wallace. "If you can think of times in your life that you've treated people with extraordinary decency and love, and pure uninterested concern, just because they were valuable as human beings. The ability to do that with ourselves. To treat ourselves the way we would treat a really good, precious friend. Or a tiny child of ours that we absolutely loved more than life itself. And I think it's probably possible to achieve that. I think part of the job we're here for is to learn how to do it. I know that sounds a little pious." --David Foster Wallace

In this thought-provoking and playful short story collection, David Foster Wallace nudges at the boundaries of fiction with inimitable wit and seductive intelligence. Wallace's stories present a world where the bizarre and the banal are interwoven and where hideous men appear in many guises. Among the stories are "The Depressed Person," a dazzling and blackly humorous portrayal of a woman's mental state; "Adult World," which reveals a woman's agonized consideration of her confusing sexual relationship with her husband; and "Brief Interviews with Hideous Men," a dark, hilarious series of imagined interviews with men on the subject of their relations with women. Wallace delights in leftfield observation, mining the absurd, the surprising, and the illuminating from every situation. This collection will enthrall *DPW* fans, and provides a perfect introduction for new readers.
