My hope and plans is to become an advocate for others and myself. Every time I think of one book to help someone with depression, it is Richard O'Connor's Undoing Depression that I suggest. The subtitle lives up to itself: What Therapy Doesn't Teach You and Medication Can't Give You.

Amazon.com: Customer reviews: Undoing Depression: What...

depression. Despite therapy, medication, and support from loved ones, the major reason people with depression stay depressed is that they don't know how else to be. They know how to do depression; they are experts at it. In a futile effort to save themselves from pain, they have learned habits that feel normal and natural, like part of the self. But these emotional habits backfire; instead of reducing pain, they just perpetuate depression.
