The Cisco TelePresence System User Guide describes the functions of the control device for the system (either the Cisco TelePresence System (either the Cisco TelePresence System Touch device or the Cisco Unified IP phone) and the user interfaces, including main display screen details and system icons. Your system uses one of the following devices for call control:

Cisco TelePresence System User Guide

This User Guide presents the functioning of the CTS in the training environment. When participating in Pre-Production Testing Events, deploying countries need to have their MTC uploaded in the acceptance environment. If a country has its MTC uploaded in training, that national MTC has to be uploaded again in the acceptance environment.

User manual Cadillac CTS (2010) (44 pages)

- Once a new user is created in CTS, the user will receive an email with instructions on how to create their account.
 - Remember to assign a user to 1 or more locations. This determines what records a user will see and not see.
 - Every user is set to Admin or Standard access level.

Introduction- General Information- Supported Browsers

The key features of 'collaboration' is outlined in the CTS-R Rating Scale as follows: Key features: The patient should be encouraged to be active in the session. There must be clear evidence of productive teamwork, with the therapist skillfully encouraging the patient to participate fully (e.g. through questioning techniques, shared problem solving and decision making) and take responsibility.
