Winning from Within by leadership and negotiation expert Erica Ariel Fox presents a contemporary approach for getting more of what you want, improving relationships, and enjoying life's deeper rewards. With principles developed while teaching negotiation at Harvard Law School and coaching executives around the world, Fox provides a map for understanding your inner world and a method for sorting yourself out. Fox uses insights from Western psychology and Eastern philosophy to resolve the gap between what people know they should say and what they actually do. She explains how to master your "inner negotiators," whether working with a difficult client, struggling with a stubborn spouse, or developing your highest leadership potential. With a Foreword by William Ury, coauthor of the classic bestseller Getting to Yes, Winning from Within: A Breakthrough Method for Leading, Living, and Lasting Change is your guide to greatness.

"Author and popular speaker, André Taylor provides readers with concrete solutions to overcoming tough times. Using his own life, career, and entrepreneurial experiences as lessons Taylor provides straight talk on why you can endure during the most challenging moments in life and come back in a big way. Written in a direct and powerful way, Taylor connects with readers creating the feeling of having a personal guide through roadblocks and obstacles. He has personally faced everything from losing everything when his house burned to the ground in the dead of winter, launching a successful company from scratch in a tough competitive market, where he had to compete with well-financed giants, and dealing with paralyzing personal and business reversals. Yet he discovered the magic in difficult times and now teaches individuals and businesses worldwide how to win even in situations where it doesn't seem possible. In You Can Still Win! you'll learn lots of creative techniques that will help you deal with problems mentally, emotionally, and strategically enabling you to quickly get past hurdles and get back on track."--

The enhanced digital edition of Winning from Within features twelve exclusive video exercises not available in other editions of the book. In each video, negotiations and leadership expert Erica Ariel Fox offers practical tips, techniques, and stories to help you internalize this breakthrough method for creating lasting change in both your professional and your personal life. Whether you run a Fortune 500 company or serve as CEO of your household, negotiating effectively is crucial to leading wisely and living well. Leading and living are a series of constant negotiations. Consider what goes on during your typical week: Can you influence your client to accept your proposal? Will you persuade colleagues to give you the resources you need to finish your project? How will you ask your neighbor to switch carpool days so that you will finally have time to get to the gym? According to conventional wisdom, a "win-win" outcome is the hallmark of success. However, until now, advice on getting there has overlooked one crucial element. It turns out that the most important negotiations you have, the ones that drive the impact of your leadership and the quality of your life, are the ones you have with yourself. What does negotiating with yourself mean? It's what happens when you want to stay at the office, but also want to keep your promise to the family to get home in time for dinner. Or when one side of you votes to roll the dice and go for your dream job, while another worries about paying the mortgage. It's what you do when one part of you wants to give your relationship every chance to work, while another knows that this time it's really over. When you're of more than one mind about what to do, negotiating with yourself is an essential skill. Should you say yes or no, or should you stall for time? Offer an olive branch or lay down the law? Speak your mind or hold your peace? When you know how to win the tug-of-wars inside of you, then you can "get to yes" in lasting and transformational ways. With honesty, humor, and fresh ideas, Winning from Within gives you a clear road map for knowing your inner world and a method for sorting yourself out. Whether you're struggling with a difficult customer or arguing with your spouse, by understanding what leadership and negotiation expert Erica Ariel Fox calls your "inner negotiators," you'll learn to turn breakdowns into breakthroughs. With the insight and tools to get out of your own way, you'll find new avenues to realizing your dreams.

What's the secret to superior execution? Is it brilliant strategy? Better processes? Superior technology? No. None of these suffices individually, or even in combination. To perform well over the long term, to make everyone's valiant efforts work and "stick," you need another ingredient, something basic and seemingly ordinary: behavior. New results require new behavior. It's that simple—and that difficult. The Behavior Breakthrough reveals the quiet revolution that is underway in pioneering and successful organizations. Their people routinely focus on "move the needle" priorities, they skillfully identify the new actions that are required to win, and they consistently perform them. In this compelling book, organizational behavior expert Steve Jacobs and his colleagues explain how these companies do it, presenting the game-changer for new business results. They offer lessons on identifying high-impact behavior, fostering it, and building new and lasting competitive advantage. Moreover, they share the important implications of behavioral leadership for breakthroughs in executing business plans, coaching for elite performance, guiding large-scale change, building culture, and accelerating talent strategies. Distilling decades of research and experience, the authors deliver a career-changing and life-changing book that will give you "new eyes," simple models for everyday use, and inspiring and instructive stories of Fortune 500 leaders who have won big results.

Author Arlene Karian opens the door to success for millions of parents now – and in the future. In "Mentoring Your Child To Win: The 7 Breakthrough Keys How A Single Former Welfare Mom Raised A Multi-Millionaire Kid", Arlene – "The Parenting Mentor" – provides you with a proven plan she created for herself and is now available to all who shape a child's consciousness.Easy and enjoyable to follow, parents will find the tools to create a bond with their children in an exciting new way. Recently validated by science, Arlene's system will open a whole new world of possibilities, empowering you to raise extraordinary children and also uplift you and your entire life in the process.The simple secret: Arlene became a mentor to her son by following a simple original system. Now you can use Arlene's "Road Map to 21st Century Parenting" system to help your children avoid negative outside influences and achieve great things, so they become what they were meant to become.In "Mentoring Your Child To Win: The 7 Breakthrough Keys How A Single Former Welfare Mom Raised A Multi-Millionaire Kid," you'll discover:• The 7 Keys to 21st Century Parenting• The 3 Scientific Research Secrets about Parenting• How To Mentor Your Child to Excel• How to Raise an Extraordinary Child• How To Get Your Kid To Say 'No' to Outside InfluencesPlus a lot more detailed, step-by-step guidance, inspiration, and help for parents and guardians to modernize parenting with a new breakthrough approach to interface with these troubled times.In addition, the book reveals:• Detoxing Your Mind: An Innovative Way to De-stress• How To Effortlessly Organize Your Day • Keeping The Love Alive In Spite Of Dishes, Laundry and Texting"Mentoring is the new way," Arlene says. "I raised my son to excel while on welfare. It's because I blended parenting with mentoring that my son became so extraordinary, successful, and a living role model of my work. Helping all parents bring out the best in their children, whatever that might be, is now my passion."Arlene believes that true wealth comes from the wisdom of the one who is shaping a child's life. Her book will guide you on an incredible new journey toward that end.Mentoring Your Child To Win: The 7 Breakthrough Keys – How A Single, Former Welfare Mom Raised A Multi-Millionaire Kid brings solutions for parenting in the 21st Century.

The phenomenon of uncertainty is not new; what is new is its intensity and potential to change industries and destroy companies. Business leaders can be on the defensive, or they can be on offense, prepared to lead decisively. The ability to deal with uncertainty is perhaps the paramount skill leaders must have to be successful in this era. Without it they risk becoming personally obsolete and driving their companies off a cliff. In The Attacker's Advantage, renowned business expert and bestselling author Ram Charan shows what skills are needed to be able to spot the disruption that is coming, and what actions are necessary to take advantage of these changes. While many leaders know how to cope with operational uncertainty—when, for example, revenue fluctuates—the same cannot be said for dealing with structural uncertainty that can alter the money-making patterns of a company, industry or entire economic sector. Charan demonstrates the huge upside offered by structural uncertainty and provides the concepts and tools—such as being able to spot the catalysts of disruption, building organizational preparedness, developing a financial understanding of the consequences—to take advantage of forces that are creating new customer needs, market segments and ways to make money. Uncertainty is now ubiquitous. The sources of structural change are so varied and fast moving, and their convergence so unpredictable. Digitization and the integration of technologies through software and hardware has already impacted many businesses, but much more is to come. With his unparalleled ability to cut through complexity and provide workable solutions, Ram Charan provides his readers with the ability to anticipate and deal with the biggest threats facing their business.

The Impossible reveals prayer's immediate and powerful impact through the true account of a family whose son died and was miraculously resurrected. Through the years and the struggles, when life seemed more about hurt and loss than hope and mercy, God was positioning the Smiths for something extraordinary-the death and resurrection of their son. When Joyce Smith's fourteen-year-old son John fell through an icy Missouri lake one winter morning, she and her family had seemingly lost everything. At the hospital, John lay lifeless for more than sixty minutes. But Joyce was not ready to give up on her son. She mustered all her faith and strength into one force and cried out to God in a loud voice to save him. Miraculously, her son's heart immediately started beating again. In the coming days, John would defy every expert, every case history, and every scientific prediction. Sixteen days after falling through the ice and being clinically dead for an hour, he walked out of the hospital under his own power, completely healed. The Impossible is about a profound truth: prayer really does work. God uses it to remind us that He is always with us, and when we combine it with unshakable faith, nothing is impossible.

Synopsis coming soon.....

A National Science Teachers Association Best STEM Book of 2017! For the first time, teen innovator and scientist Jack Andraka tells the story behind his revolutionary discovery. When a dear family friend passed away from pancreatic cancer, Jack was inspired to create a better method of early detection. At the age of fifteen, he garnered international attention for his breakthrough: a four-cent strip of paper capable of detecting pancreatic, ovarian, and lung cancers four hundred times more effectively than the previous standard. Jack's story is not just a story of dizzying international success; it is a story of overcoming depression and homophobic bullying and finding the resilience to persevere and come out. His account inspires young people, who he argues are the most innovative, to fight for the right to be taken seriously and to pursue our own dreams. Do-it-yourself science experiments are included in each chapter, making Breakthrough perfect for STEM curriculum. But above all, Jack's memoir empowers his generation with the knowledge that we can each change the world if we only have the courage to try.
