Frequent visibility of women's sport plays out at a more implicit level too, making it a natural and accepted part of the sports media landscape. It also acts as a counterbalance to negative stereotyping of women in the media, through the portrayal of positive, healthy, athlete role-models. More specifically it: •Challenges gender stereotypes

Research Report: Where are all the Women ... - Women In Sport

Women's sporting contests almost never receive the media coverage required to enter the national, let alone the global, sporting marketplaces; consequently, women and their sports are rendered marginal. But women occupy complex, often contradictory, positions in the global media-sport nexus that require investigation in relation to the sports they play and the dominant images of the media.
