Newbery Honor Book \* ALA Notable Children's Book "Deeply felt. Presents a moral question with great care and sensitivity." —The New York Times "A spellbinding story about rites of passage." —Publishers Weekly (starred review) "A realistic story with the intensity of a fable." —The Horn Book (starred review) "Thought-provoking." —School Library Journal (starred review) In Palmer LaRue's hometown of Waymer, turning ten is the biggest event of a boy's life. But for Palmer, his tenth birthday is not something to look forward to, but something to dread. Then one day, a visitor appears on his windowsill, and Palmer knows that this, more than anything else, is a sign that his time is up. Somehow, he must learn how to stop being afraid and stand up for what he believes in. Wringer is a powerful tour de force from Newbery Medal winner Jerry Spinelli.

The lives of four young people in very different circumstances are changed by their encounters with a mysterious library card that introduces them to the world of books and reading. Reprint.

From renowned Newbery-winning author Jerry Spinelli comes a powerful story about how not fitting in just might lead to an incredible life. This classic book is perfect for fans of Gordon Korman and Carl Hiaasen. Just like other kids, Zinkoff rides his bike, hopes for snow days, and

wants to be like his dad when he grows up. But Zinkoff also raises his hand with all the wrong answers, trips over his own feet, and falls down with laughter over a word like "Jabip." Other kids have their own word to describe him, but Zinkoff is too busy to hear it. He doesn't know he's not like everyone else. And one winter night, Zinkoff's differences show that any name can someday become "hero." With some of his finest writing to date and great wit and humor, Jerry Spinelli creates a story about a boy's individuality surpassing the need to fit in and the genuine importance of failure. As readers follow Zinkoff from first through sixth grade, it becomes impossible not to identify with and root for him through failures and triumphs. The perfect classroom read.

Project based learning (PBL) is gaining renewed attention with the current focus on college and career readiness and the performance-based emphases of Common Core State Standards, but only high-quality versions can deliver the beneficial outcomes that schools want for their students. It's not enough to just "do projects." Today's projects need to be rigorous, engaging, and in-depth, and they need to have student voice and choice built in. Such projects require careful planning and pedagogical skill. The authors—leaders at the respected Buck Institute for Education—take readers through the step-by-step process of how to create, implement, and assess PBL using a classroom-tested framework. Also included are chapters for school leaders on implementing PBL systemwide and the use of PBL in informal settings. Examples from all grade levels and content areas provide evidence of the powerful effects that PBL can have, including \* increased student motivation and preparation for college, careers, and citizenship; \* better results on high-stakes tests; \* a more satisfying teaching experience; and \* new ways for educators to communicate with parents, communities, and the wider world. By successfully implementing PBL, teachers can not only help students meet standards but also greatly improve their instruction and make school a more meaningful place for learning. Both practical and inspirational, this book is an essential guide to creating classrooms and schools where students—and teachers—excel.

Newbery medalist Jerry Spinelli has penned his early autobiography with all the warmth, humor, and drama of his best-selling fiction. "A master of those embarrassing, gloopy, painful, and suddenly wonderful things that happen on the razor's edge between childhood and full-fledged adolescence" (The Washington Post), From first memories through high school, including first kiss, first punch, first trip to the principal's office, and first humiliating sports experience, this is not merely an account of a highly unusual childhood. Rather, like Spinelli's fiction, its appeal lies in the accessibility and universality of his life. Entertaining and fast-paced, this is a highly readable memoir-- a must-have for Spinelli fans of all ages.

The long-awaited prequel to the bestseller *FOURTH GRADE RATS* George, aka "Suds," has just entered third grade, and he's heard the rhyme about "first grade babies/second grade cats/third grade angels/fourth grade rats," but what does this mean for his school year? It means that his teacher, Mrs. Simms, will hold a competition every month to see which student deserves to be awarded "the halo" - which student is best-behaved, kindest to others, and, in short, perfect. Suds is determined to be the first to earn the halo, but he's finding the challenge of always being good to be more stressful than he had anticipated. Does he have to be good even outside of school? (Does he have to be nice to his annoying little sister?) And if Mrs. Simms doesn't actually see him doing a good deed, does it even count? A warm, funny return to elementary school from master storyteller Spinelli.

Find the power to stand up for yourself and what you believe in. Students will become highly-engaged in the activities presented in this resource. Make predictions about what will happen in the following chapters based on what you know of the characters so far. Describe how Palmer felt about pigeons based on his reactions from the first two Pigeon Days. Answer multiple choice questions about Palmer's experience with his friends. Retell Palmer's reasons for not wanting to be a wringer as he tells them to Dorothy. Create a poem that describes Palmer's actions throughout the story. Describe three important settings from the novel and discuss some of the important plot events that happened at each of them. Aligned to your State Standards, additional crossword, word search, comprehension quiz and answer key are also included. About the Novel: *Wringer* teaches students the importance of self confidence and standing up against bullying. Palmer LaRue dreads the day he will turn ten years old. When he was just four years old, he witnessed his first Pigeon Day—a yearly celebration that takes place during Family Fest in the small town of Waymer. On this day, five thousand pigeons are shot. Traumatized by what he saw, Palmer forever feared the day he would turn ten and become a wringer. A wringer is someone who wrings the neck of wounded pigeons. Nearing his tenth birthday, Palmer falls in with a group of bullies who hate pigeons more than anything. At first, Palmer is proud of his new friendship, but that all changes when he befriends a pigeon. *Wringer* highlights Palmer's struggle between what his friends think and what he feels is right.

Nine-year-old David has recently lost his mother to a freak accident, his salesman father is constantly on the road, and he is letting his anger out on his grandmother. Sarcastic and bossy 13-year-old Primrose lives with her childlike, fortuneteller mother, and a framed picture is the only evidence of the father she never knew. Despite their differences, David and Primrose forge a tight yet tumultuous friendship, eventually helping each other deal with what is missing in their lives. This powerful, quirky novel about two very complicated, damaged children has much to say about friendship, loss, and recovery.
