infused with grace - what she terms 'holy language'. Intimate Conversations with the Divine offers 100 of Caroline's personal prayers as a resource and inspiration to start a daily prayer practice of your own. The prayers in these pages touch on the full range of the human experience: love and loss, anxiety and hope, birth and death, joy and faith. And each illustrates a different type of grace that feeds the human soul, from healing, endurance and awakening, to silence, surrender and trust. At the core of this book is a powerful challenge: by embracing language that undeniably brings light to the world and moving past our conditioned hesitations about the divine, our lives can be transformed forever.

Balance your chakras to improve your life, with the powerful 'moving meditation' of Chakradance. If you like the idea of yoga, but not the challenging poses, Chakradance is for you. If you like the idea of meditation, but find it hard to sit still for more than a few minutes, Chakradance is for you. If you know you've got old 'baggage' to release, but find 'talking therapy' too awkward for words, Chakradance is for you. We all want to achieve that wonderful state of 'well-being' in which we feel happier, healthier, more grounded, more balanced, more fully ourselves and more fully alive! With Chakradance, more and more people are finding a way to achieve this. Our chakras are our energy centers (subtle, invisible, but essential to life), that hold mind, body and spirit together. The practice of Chakradance activates, tunes and balances your chakras, to improve your life. Eastern philosophies have long known about the dynamic inter-relationship of mind, body and spirit, and the West, thanks partly to advances in the field of neuro-science, is quickly catching up ... hence the growth of yoga, of mindfulness, and a whole new world of "well-being" practices. In this book, Chakradance(TM) founder Natalie Southgate explains how this gentle yet powerful 'moving meditation' practice actually works, including examples and stories from her own life and the lives of Chakradancers all over the world. She demonstrates how working with your chakras, using music, movement and mandalas, can help you discover a deeper connection to your true authentic self, leading you to the most wonderful feeling of vibrant well-being. The book also includes links to downloadable chakra-specific music tracks and guided meditations so you can try it for yourself.

Simple Things is a helpful, humorous, poignant, step-by-step guide on ways to get out of the fast lane and savor life's true pleasures.

All it will take is for you to slow down and pay attention to the world around you and, I promise, you will find the world within you. Indigenous seer, gifted plant whisperer, and Witchery author Juliet Diaz invites you to walk the path of the Plant Witch. Journey far beyond the basic medicinal and magical properties of plants, deep into Mother Earth's drumming heart. Drawn from ancestral practices passed down by generations of teachers, the lessons in this book will awaken your intimate connection with nature, your ancestors, your guides, and to your true self through the powerful magic of plants. Within these pages, you will learn: * Essential, magical, and medicinal properties of 200 herbs, flowers, trees, and fruits. * Rituals for abundance, cleansing, and connecting with spirits. * Spells to ward against evil, find answers, and protect against self-sabotage. * Potions to open your third eye, bring luck, and promote creativity. * Communication techniques for speaking and listening to plants. * The optimal moon phases and seasons to work with different plants. Even as humans forget our place in nature's rhythm and cause harm to our Earth Mother, the spirits of plants still call out to us, appear in our dreams, and inspire us as they push through cracks in cement-resilient and determined to thrive. From abre camino and acacia to yucca and ZZ plant, each has unique personality and wisdom to share if we are only willing to listen.
